## Red Squabble Is Becoming Explosive

By WILLIAM RYAN  
The Red squabble is assuming an explosive character. In effect, Soviet Premier Khrushchev's camp is being forced to choose between two policies: Adopt a more offensive policy toward the West or an open contest with the rival movement for global leadership.

A battle is shaping up between the "have" and "have-nots" of the communist world. The have-nots are telling the Russians they have gone soft, and that they must either get behind the revolution or get out of the revolutionary business.

The cry, an echo of the Red line, is being heard in the North Vietnamese mission. A mission was made in July, three months ago, but its mission was withheld until the North Vietnamese returned.

The North Vietnamese party, led by Le Duan, who headed the mission to Moscow, had in his own central committee in Hanoi outlining difficulties engendered for world communism by the Red Chinese.

The time seems to be approaching when Khrushchev's supporters will be obliged to take a stand. Perhaps the fireworks will come in April, when Khrushchev's 70th birthday celebration provides an excuse for a party of communist bloc leaders in Moscow.

The North Vietnamese leader, Khrushchev, of being a revolution. Khrushchev said Le Duan, should realize that the communist world is bigger than the West and must push revolution immediately in Asia, Africa and Latin America.

Le Duan's speech, published by the official paper Hoc Tap Three days after it was delivered, included a long blast at "modern revisionism," the term the Red uses to apply to Khrushchev's leadership. The party, he said, must be reconciled to it, and must be able to combat it "not in the way of a revolution, but in the way of a revolution."

## Europe Meat Not Problem, Rancher Says

BOISE, March 18 (AP)—Meat imports from European countries are not the ones which are causing trouble for this nation's meat industry, Leon Weeks, vice president of the Idaho Cattlemen's Association said Tuesday.

He commented on a U. S. department of agriculture report in Washington that a reduction of meat shipments from Europe to the United States might improve the economic position of the United States.

There aren't enough imports coming into this country from European countries in comparison to Australia and New Zealand to make enough of a difference to be felt," Weeks said.

He said the latest figures he has are for 1961. But he said that New Zealand sent this country more than six times as much meat as the European nations combined.

## New Bean MOSCOW, March 18 (AP)—The Idaho agricultural experiment station Tuesday announced release of a new virus resistant snap bean variety, developed at the Twin Falls experiment station.

The bean was developed by plant scientist Dr. L. L. Dean. It is resistant to curly top virus, seed borne mosaic and to the A strain of bean mosaic.

The station said the new bean, called Idelight, will be desirable as a freezer and home garden type. It said the plants will grow about 15 inches high in southern Idaho with spread of 18 inches.

## Poverty War Backed by Top Officials

WASHINGTON, March 18 (AP)—Defense Secretary Robert S. McNamara today threw his full support behind President Johnson's "war on poverty" as a means of rescuing underprivileged youths rejected by the armed forces and civilian employers.

McNamara also told congress he had found enough unused military installations to house a major share of the 100,000 youths who would go into work camps and job training centers. He said such installations would need only minor repairs.

Welfare Secretary Anthony J. Celebrezze testified that the \$99 million dollar anti-poverty program eventually would mean a saving for taxpayers. He said elimination of poverty would increase U. S. production by 10 to 15 billion dollars a year and thus increase tax revenues.

## Cubans May Get Control Of Missiles

WASHINGTON, March 18 (AP)—Russian forces in Cuba are reported to be training Cubans to operate the advanced anti-aircraft missiles that the Soviet Union installed in Cuba in 1962.

Sources here said it was not yet clear whether the Russians planned to turn complete control of the missiles over to the Cubans or whether Soviet officers would remain in charge of them.

Soviet personnel have been manning the missiles, which are the type known as the SA-2. Within a few months, however, there will be sufficient Cuban crews trained to man the entire system, it was reported.

The SA-2 is a ground-to-air missile capable of hitting a target at 80,000 feet, high enough to reach American U-2 reconnaissance planes.

Defense Secretary Robert S. McNamara reported in October 1962, that U. S. aerial reconnaissance showed 24 SA-2 locations in Cuba, each including six firing sites.

The United States classed the SA-2 as a "defensive" weapon, and it was not among the offensive missiles removed from Cuba by Russia at U. S. demand.

Clay took the second examination in Louisville March 13 and scored low on the aptitude tests, the Post said. It added that a psychiatrist who tested him to see if he had been malingering reported he wasn't.

Clay has been notified of his failure, the Post said.

## Viet Nam, Cambodia, Laos Talks Planned

SAIGON, South Viet Nam, March 18 (AP)—South Viet Nam, Cambodia and Laos have begun negotiations for resumption of diplomatic relations, Premier Nguyen Khanh said today.

Other sources said Khanh met delegations from Cambodia and Laos in the mountain resort of Dalat over the week-end to arrange further negotiations.

Khanh told a news conference he is ready to meet with the Cambodian chief of state, Prince Norodom Sihanouk, "at any time, anywhere, except in a communist country."

"With respect to Laos," Khanh continued, "we are ready to send a representative to Vientiane as soon as possible. We want to normalize diplomatic relations there. We are not like Ngo Dinh Diem, who refused to maintain diplomatic relations with Laos after they recognized North Viet Nam. We are ready to receive the ambassador of Laos in Saigon."

The U. S. government has long urged normal diplomatic relations between Thailand, Cambodia, South Viet Nam and Laos. A U. S. spokesman said today his government "very definitely supports" the negotiations.

Cambodia broke relations with South Viet Nam last August after Diem's police raided Buddhist pagodas in Saigon.

Khanh said the talks with Cambodia would cover current frontier problems, presumably including infiltration of Viet Cong units into South Viet Nam through Cambodia. The discussions also will cover the status of islands in the South China sea claimed by both Cambodia and Viet Nam.

## De Gaulle Seeks Added Mexico Ties

MEXICO CITY, March 18 (AP)—President Charles de Gaulle proposes that France and Mexico join in a big exchange program but says it wouldn't cut into Mexican relations with the United States. De Gaulle told a joint session of the Mexican congress Tuesday that Latin America is forging into "the foreground of the stage of world affairs." He made clear that he wants to increase French influence in the region. The 73-year-old French leader suggested Mexico and France begin a large-scale program of scientific, cultural and technical exchanges and become "true and good companions in the work of civilization."

"Without a doubt such a rapprochement implies that the attitude, the action, in a word the policy of Mexico City and Paris, should not only be prevented from diverging but should actually be attuned," he said.

Before congress and at a presidential luncheon at the National palace, de Gaulle tried to ease fears in Washington that his visit might affect the closeness of U. S.-Mexican relations.

Any special relations between Mexico and France, he said at the luncheon, are not intended "to put an end or even to diminish the relations that bind us to our neighbors."

Before congress he spoke of "Mexico which, without in any way underestimating the fact that her massive relations with her great northern neighbor are both natural and fertile, still feels attracted toward the European countries by all kinds of affinities and, in the first place, may I dare add, attracted to my own country."

Nelson is a farmer and a native and lifelong resident of Jerome county. He was endorsed for the state legislative job by the Republican central committee in his county, Smylie said.

Smylie made public, also, his letter to Martin accepting the latter's resignation. The governor said he did so reluctantly, but realized it was necessary since Martin had left the county.

"Let me say," Smylie told Martin, "that it has been a pleasure to work with you through the last sessions of the house. While we had our disagreements, they have been matters of principle and have not disturbed the most happy personal relationship which we have enjoyed."

WASHINGTON, March 18 (AP)—The space agency said today that an Explorer satellite launch scheduled for this week at the Pacific Missile range has been indefinitely postponed because of difficulty with the Scout rocket.

It was the second postponement of the shot, originally scheduled for March 13, because of troubles with the launch rocket. No new launch date has been scheduled because the rocket must be shipped back to Dallas where it was manufactured.

KENNEDY RUSH STARTS  
NEW YORK, March 18 (AP)—A group of New York Democrats today launched a move to get the Democratic vice presidential nomination for Attorney General Robert F. Kennedy.

## Russ Won't Release Yank Fliers

BERLIN, March 18 (AP)—The Soviets today refused a second American request for the release of an injured U. S. flier from a Soviet military hospital at Magdeburg, East Germany.

The injured officer, Lieut. Harold W. Welch, Detroit, was visited by Col. John A. Hennessey, Jr., a surgical specialist from air force headquarters at Wiesbaden.

A request by Hennessey that Welch be released for return to U. S. control was denied, a U. S. air force spokesman said.

The Soviets said they would consider the surgeon's request to return to see Welch, the spokesman added.

Welch is one of three airmen who parachuted into East Germany March 10 after their reconnaissance bomber was shot down by a Soviet fighter plane.

The Soviets charged the men were on a spying mission and held all three. The United States has said the plane strayed over East Germany by accident.

## Hiler Asks Judgment in Districting

BOISE, March 18 (AP)—Charges that the legislature has "failed and refused" to correct the "gross disproportion" of population between the state's two congressional districts have been leveled by the plaintiff in Idaho's redistricting suit.

Dryden Hiler made the charges Tuesday in a motion for summary judgment asking U. S. district court to compel election of congressmen in Idaho on a statewide basis.

"The legislature of the state of Idaho," said Hiler, "has been aware of the gross disproportion of population between the districts and has had ample time and opportunity to correct the situation."

He pointed out that two redistricting measures were presented to the 1961 session and one to the 1963 session but that all three died in house votes or in committee.

"The court," the motion stated, "to protect the constitutional rights of the plaintiff and others so situated should declare unconstitutional the present apportionment and order Gov. Robert E. Smylie to issue an election proclamation stating that the congressmen run at large."

The three-judge panel appointed to try the case will hear arguments on the motion. Court aides said arguments may be either oral, written or both. He said the judges will determine which form will be followed.

Hiler contends the disparity in population between Idaho's two districts denies him due process and equal protection of the laws under the fourteenth amendment to the U. S. constitution.

## Khanh Says All Must Fight Reds

SAIGON, South Viet Nam, March 18 (AP)—Premier Nguyen Khanh told newsmen today he plans a total mobilization that will mean getting Saigon's leisure class out fighting the war.

"It is difficult to admit," Khanh said, "that there are two Viet Nams—one fighting in the countryside, with Saigon feasting every night. In the fight against communism, all must participate. As you have seen, my generals are getting out in the field."

"The morale of the army is higher than before Jan. 30"—the date on which Khanh seized power in a bloodless coup—"The men will fight if they see their leaders with them."

"This is what I mean by total mobilization."

Actually, Khanh's national mobilization order is expected to come as bad news for thousands of wealthy and influential Vietnamese draft dodgers living in Saigon.

## Nehru Says India Will Fight to Protect Territory

NEW DELHI, India, March 18 (AP)—Prime Minister Nehru told a cheering parliament today that Indian troops will cross the cease-fire line in Kashmir if necessary to defend Indian territory against Pakistan. "We are not prepared to go across the cease-fire line and attack the territory now under Pakistan occupation," Nehru said, "but obviously if it becomes necessary in the defense of our territory for them (Indian troops) to cross the line, then they will cross it." Nehru's statement was the strongest made by any top official since the recent outbreak of skirmishing and raids across the cease-fire line in the disputed Himalayan state.

## Sheep Raisers Urge Meat Import Curb

WASHINGTON, March 18 (UPI)—Colorado sheep raisers today urged congress to curb meat imports, including those of lamb and mutton. Brett Gray, executive secretary of the Colorado Wool Growers association, told the senate finance committee that the state department has shown a "callous disregard" for the livestock industry in tariff dealings. He testified on a pending bill designed to cut the flow of meat from abroad. Gray disputed the idea that lamb imports, amounting to 2.8 per cent of domestic production, can be viewed as "insignificant." The impact, he said, goes "far beyond the statistical percentage" because the bulk of the imports lands in the New York market which sets the price pattern for most of the nation.

He suggested that congress should consider the "psychological impact" on sheep men "if they come to the final belief that the U. S. senate does not care whether they are sick or healthy."

Sen. William Proxmire, D., Wis., also testified in support of the bill contending that beef imports "hit twice" at dairy farmers. He said the imports compete with cow beef and drive down the market for cows culled from dairy herds.

In addition, he said, the low prices "make dairy farmers less willing to sell cull cows. Cows are kept in production, Proxmire said, swelling the production of milk and the burden on the taxpayer."

Proxmire also declared that imports of dairy products are "a problem of increasing concern." He urged approval of his somewhat similar bill which would include dairy products among the imports which would be subject to limitations.

## 2 Area Men Attend Meet On Land Use

Ray Lincoln, 1019 Morningstar drive, and Garnett Kidd, Burley, left for Washington, D. C., Tuesday for the 24th annual meeting of the national advisory council for multiple use of land, Wednesday, Thursday and Friday.

High on the agenda is discussion of community assistance in public land management.

"The role of local government officials is becoming increasingly important in the management, development and conservation of public lands and resources," Secretary of the Interior Stewart L. Udall said.

He also stated, "Pending legislation will require even closer cooperation between local officials, citizen groups and the department to assure full multiple use of the public lands."

Purpose of the 42-member group is to advise the secretary and BLM Director Charles Stoddard on matters relating to management and development of the nation's 465 million acres of public lands. Members serve one-year terms subject to reappointment.

Other items to be discussed include Alaskan grazing problems, zoning and resource planning, flexible pasture management and proposed regulations.

MCCARTHY PICKED  
BOISE, March 18 (AP)—Designation of Joseph L. McCarthy, state finance commissioner, as an additional member of a state group to consider federal financial aid for institutions of higher education was announced today by Gov. Robert E. Smylie.

## Survey Shows T.F. Merchants Favor Moving Highway 30 Off Main Avenue

A recent survey of property owners and store tenants along Main avenue indicates a large majority favor moving highway 30 from Main avenue and reworking to the former two-way traffic pattern through downtown Twin Falls.

Results of the survey were given Tuesday night during a meeting of the downtown Twin Falls study unit. Chairman Edward Becht said, "To date, there have been 164 replies to letters sent out to property owners and tenants on Main avenue, asking whether or not highway 30 should be moved from Main avenue."

He said 160 were in favor of the move.

Of 75 attending the meeting Tuesday night, only two opposed moving highway 30 off main avenue.

The parking situation in Twin Falls sparked most of the discussion. A few of those attending spoke more off-street parking is needed and that the downtown business district needs to be improved.

William Grange, Twin Falls Chamber of Commerce secretary-manager, showed films taken on a trip last year to Grand Junction, Colo., where a shopping plaza of the type proposed for Twin Falls has been constructed.

Benot also stated, "It is apparent that people are widely interested in downtown Twin Falls and will co-operate in every way to modernize and improve the downtown area. The response is very gratifying to the 31 members of the downtown Twin Falls study unit authorized by the Twin Falls city commission to embark on its long-range study program."

## Mrs. Haynes Named T.F. Librarian

Mrs. Alice Haynes has been appointed librarian at the Twin Falls public library. Robert Burrill is on a 60-day leave of absence to enable him to get relocated, Ted Roth, library board chairman, reported Wednesday.

Burrill is leaving Twin Falls of his own choice, Roth said, and plans to get into a different line of library work than was offered him here.

Mrs. Haynes has her bachelor of arts degree in sociology and studied her fifth year in library science at the University of Southern California. She has worked at the Twin Falls library for several years.

Burrill came here from Pasco, Wash., where he is now on leave.

## Anti-Smoke Label Can Hurt South

WASHINGTON, March 18 (AP)—Two governors and other spokesmen from tobacco-growing states said today that labeling cigarettes as a health hazard would hurt their state economies and set back President Johnson's war against poverty in the region.

North Carolina Gov. Terry Sanford, Virginia Gov. Albert S. Harrison, Jr., Rep. Alton Lennon, D., N. C., and a spokesman for Kentucky Gov. Edward T. Breathitt appeared before the federal trade commission (FTC) to oppose proposed regulations which would govern the labeling and advertising of cigarettes.

"If you diminish or dilute the sale of tobacco you are going to compound the problem of poverty in Southern Appalachia," Lennon told the commission.

Sanford said there still was not enough concrete evidence to label cigarettes as a health hazard.

Temperatures dropped below freezing from the Dakotas to Virginia and got down to 12 below zero at International Falls, Minn., and eight below at Greenville, Me.

The heaviest snows piled up north and west of Boston. At Nashua, N. H., public works department employees called off their strike for a few hours and plowed the streets.

Schools were closed in the snow belt and driving was hazardous.

## March Lion Snarls in New England

By United Press International  
Waning winter threw a sneaky punch at New England today, closing schools and clogging roads with more than a foot of snow.

Temperatures dropped below freezing from the Dakotas to Virginia and got down to 12 below zero at International Falls, Minn., and eight below at Greenville, Me.

The heaviest snows piled up north and west of Boston. At Nashua, N. H., public works department employees called off their strike for a few hours and plowed the streets.

Schools were closed in the snow belt and driving was hazardous.

India and Pakistan fought over Kashmir in 1948 and have been quarreling over the state ever since.

Commenting on charges that the Pakistan government is instigating the border clashes, Nehru said: "I know it is a regular campaign."

Defense Minister Y. B. Chavan told parliament 25 Pakistanis raided an Indian village 1½ miles on India's side of the cease-fire line Sunday night, killing four persons, including an 11-year-old boy.

Chavan said India had lodged a complaint with U. N. observers in Kashmir.

The Indian government has learned that communist China and Pakistan have agreed to coordinate foreign and military policies affecting India, a high government official told the Associated Press earlier today.

The official, who declined to be quoted by name, said in an interview that India is revamping its policy on the assumption that in the future it will face two hostile neighbors working together rather than separately.

This indicated that the Indian government is discounting the possibility of making a separate diplomatic deal with either Pakistan or communist China to relieve the pressure on at least part of its northern border.

Premier Chou En-lai of Red China visited Pakistan last month and won a pledge of close cooperation from President Mohammed Ayub Khan, but there was no public mention of any military or diplomatic collaboration.

Reports of skirmishes on the India-Pakistan border are reaching New Delhi in increasing numbers.

The Indian official said his government considers these skirmishes potentially dangerous but does not think an escalation into a greater conflict is threatened.

On the Chinese frontier, he said, there is no indication the communists will try anything big in the near future. Red troops, however, are consolidating positions they won in the 1962 border war.

## South Solon Says Rights Bill Beaten

WASHINGTON, March 18 (AP)—Sen. John C. Stennis, D., Miss., said today that civil rights advocates in the senate had passed their peak of voting strength and were beaten.

"As of now," the Mississippi senator told the senate, "I believe the proponents are beat because they do not have the votes to pass it."

"They have already hit the high tide of their votes—they hit it when the debate started," he added. "The flow of the tide is going against them."

Senate Democratic Whip Robert H. Humphrey, Minn., answered Stennis by challenging the southern senator to let the bill come to a vote. He said he thought the proponents have the votes to pass the measure and added, "I'm willing to take my chances to stand up and be counted on the bill. We ask for a decision."

Stennis, his voice filling the chamber, said "they can have the marches, they can have the boycotts, you can have all those things but I don't think you can have the votes."

Shortly before Stennis took the floor, Sen. Jacob K. Javits, R., N. Y., spoke against another controversial point in the continuing debate—Sen. Richard B. Russell's proposed racial relocation plan.

ATLANTIC CITY, N. J., March 18 (AP)—The Democratic party's national election platform will be drafted at a series of daily meetings, open to the public, during the week preceding the party's national convention beginning Aug. 24.

Leonard Ralbach, executive director of the party's convention committee, said last night the pre-convention platform meeting will permit greater control over the convention program and a better presentation of the platform to the public through television.

# Lawyer Raps Spud Control Proposals

IDAHO FALLS, March 18 (U.P.)—Twin Falls attorney Orval Hansen said Tuesday that proposed potato acreage controls wouldn't assure any increase in price to the grower, wouldn't control production and might be permanent, even if they didn't work.

Hansen told a banquet audience observing the 36th anniversary of the founding of the York Grange that administration backing of the control proposal makes the odds tougher for Idaho potato growers who oppose it.

He said there are three major fallacies in arguments for controls.

"The first fallacy is that total supply can be controlled by acreage allotments," he said. "The fact is that yield is influenced by many things other than acreage. Many of these, such as the amount of moisture, temperature and other weather conditions cannot be predicted or controlled."

Hansen said the bill puts a ceiling on acreage but no floor under prices.

"The second fallacy is that the number of acres a farmer could plant with heavy penalties for overplanting. But there would be no price supports or any other provisions to insure a fair return to the grower."

"The third fallacy is that controls can be voted out at any time if they do not work," Hansen said. "The fact is that administratively the road to farm controls has been a one-way road."

"Even if Idaho wanted to get rid of controls, we could be easily outvoted by other states. Our competitors would restrict Idaho's production and deny us full access to the growing West coast markets where we enjoy a natural advantage because of lower freight costs."

**FIVE-DAY FORECAST**  
Lower pressures in the Gulf of Alaska will influence pressures over the Pacific Northwest and northern Intermountain area during the next five days. Aloft, broad westerly flow will continue to sweep from the Pacific across the western states. Storm systems will move from the eastern Pacific across southern Canada with trailing fronts from these centers swinging over the Intermountain area.

Temperatures through next Monday will average from three to seven degrees below normal over agricultural valleys. Cool days can be expected today, tomorrow and Saturday. Some warming is likely Friday and again late in the week-end. Frequent changes in nighttime temperatures are expected due to cloud cover associated with the Pacific weather disturbances. Temperature normals through Monday are Gooding 50-28, Twin Falls 54-29 and Burley 51-27.

Precipitation will occur mostly as light snow about Friday. By Monday the next storm system will begin bringing cloudiness over agricultural valleys with precipitation possible over western sections by evening. Precipitation totals are expected to average .05 to .15 of an inch during the next five days.

Sunshine will total 65 to 75 per cent of possible with Friday, Saturday and Monday being mostly cloudy days. Winds will average slightly greater than normal with average speeds of 11 to 14 miles per hour, but strong and gusty Friday and Saturday. Soil temperatures will sag during the next few days to readings around 32 to 37 degrees at the three- to four-inch depths.

**SYNOPSIS AND AGRICULTURAL SUMMARY**  
The dry Pacific storm system that swung through southern Idaho last night brought a few sprinkles of rain and a few light snow flurries to valley sections, but most of the weather associated with this storm came as wind. Winds shifted to more westerly directions and increased sharply to around 20 to 30 miles per hour immediately behind the front. Winds will continue to howl today, but as pressures began squating winds will diminish tonight and Thursday.

Cooler air brought into valleys by this disturbance is in the process of lowering temperatures for at least the next 28 hours. Daytime readings will range from the 30s to lower 40s over southern valleys. Nighttime temperatures will drop to below zero over Camas prairie and in the low 20s over the rest of Magic Valley. An outlook for moderating temperatures is in prospect for Thursday night.

**TEMPERATURE AND PRECIPITATION**  
Highest temperature yesterday, lowest temperature last 12 hours, precipitation for 24 hours ending at 8 a.m. PST.

## Engelking Raps Marking Of Revenue

BOISE, March 18 (AP)—A sales tax was described Tuesday as a necessary for Idaho but the state's top public school official said it would be a mistake to earmark revenue for education.

"I feel in the state of Idaho that we already have too many taxes," said D. F. Engelking, state superintendent of public instruction.

"I think we ought to take some of the taxes now earmarked for other purposes."

But Engelking said he remains convinced that a sales tax is necessary if Idaho is to provide sufficient state support for the schools.

The Idaho Education association's delegate assembly meets in Boise Friday and Saturday, and is expected to consider support of a sales tax earmarked for the schools.

The IEA has endorsed a sales tax for several years but never has proposed earmarking the revenue for education. The organization's finance committee has announced it will again ask the delegate assembly to endorse the sales tax and said it may include the earmarking provision in the resolution.

Neither Engelking nor Gov. Robert E. Smylie would predict whether the legislature is more likely to enact a sales tax with the earmarking feature than one without it.

The 1963 legislature turned down a sales tax, voting instead to boost levies on property and incomes.

Smylie said there has been "a general reluctance on the part of the legislature to earmark funds," although they have done it a number of times.

Engelking proposed at last week's state board of education meeting in Pocatello the enactment of a gross sales tax. He said that would require each retailer to pay to the state monthly or quarterly a percentage of his gross sales for the period.

## Death Takes Mrs. Lintz

BOISE, March 18—Mrs. Freda Lintz, 83, 118 Seventh avenue south, died Tuesday evening at the Harrell nursing home of an extended illness.

She was born in Switzerland March 9, 1881, and was married to Fred E. Lintz May 1, 1905, at Montpelier. After their marriage they lived in Montana, coming to the Eden-Hazelton area in 1914.

They farmed there until 1948 when they moved to Twin Falls. In 1951 the couple moved to Boise. Mrs. Lintz died Feb. 13, 1963. She was a member of the Buhl First United Presbyterian church.

Survivors include four daughters, Mrs. Robert Lockhart, Lowell, Nev.; Mrs. J. Lee Shotwell, Mill Valley, Calif.; Mrs. Ralph Harris, Twin Falls, and Mrs. Gerald Nicholson, Jerome; two sons, Edward O. Lintz, Los Angeles, Calif., and Frank E. Lintz, Buhl; one brother, Otto Bucher, Paris, and one sister, Mrs. Emma Teucher, Salt Lake City; 14 grandchildren and 20 great-grandchildren.

Funeral services will be held at 3 p.m. Friday at the Buhl First United Presbyterian church by the Rev. Dale K. Olson. Concluding rites will be held at the Buhl cemetery. Friends may call at the Albertson-Dickard funeral home.

## Postponed

RICHFIELD, March 18—Richfield PTA meeting scheduled for Thursday night has been postponed because of the junior-high school basketball tournament at Dietrich.

The March PTA meeting will be held at 8 p.m. March 26. Officers will be elected and Mrs. L. T. Sanders will report on the Tri-State Girls' league convention in The Dalles, Ore., this month. Third grade room mothers will be hostesses.

LOIS DIVINE

LESLIE CLINE

... will attend Syringa Girls' State May 31 through June 4 in Caldwell. They are daughters of Mr. and Mrs. Theodore Divine, Bellevue, and Mr. and Mrs. Oscar J. Cline, Halley, Juniors at Halley high school, they will be sponsored by the American Legion auxiliary, Blaine county post No. 24. Alternates are Carol Springer and Cheryl Povey, daughters of Mr. and Mrs. Bruce Springer and Mrs. Johanna Povey, all Halley.

## Lois Divine, Leslie Cline Are Girls State Delegates

HAILEY, March 18—Lois Divine, daughter of Mr. and Mrs. Theodore Divine, Bellevue, and Leslie Cline, daughter of Mr. and Mrs. Oscar J. Cline, Halley, have been selected to attend Syringa Girls' State May 31-June 4 in Caldwell.

Carol Springer, daughter of Mr. and Mrs. Bruce Springer, and Cheryl Povey, daughter of Mrs. Johanna Povey, were named as alternate delegates.

Sponsor is the American Legion Auxiliary of Blaine county post No. 24.

Other finalists were Vicki Patterson, daughter of Mr. and Mrs. W. R. Patterson, Gannett and Rebecca Bureus, daughter of Lou Bureus, Jerome, and Mrs. John Rooney, Halley.

Miss Divine, a junior at Halley high school and an honor student, attended Bellevue school until her sophomore year. She is captain of the drill team, was homecoming princess, is secretary of the Pep club, is a member of the Quill and Scroll club and a feature writer for the school paper. She has represented her class as student councilman.

Miss Cline, who was born and raised in Halley, is an A student. In her freshman year she was accepted in the National Theatrical society. She is a member of the Pep club and the Halley High Lights staff.

She chairmanned a winning team last year in a fund-raising project which netted sufficient money to buy a new electric sewing machine for the home economics class and provide for several small scholarships, one of which she won in a style revue.

She is a member of the Quill and Scroll club and the Future Teachers of America. Her interests outside school are art, music, and travel. Her continuing interests are in home economics and drama, which she intends to study in college.

Without mentioning his two opponents, Sen. Barry Goldwater and Gov. Nelson A. Rockefeller, by name he said "the extremists have a vociferous following but small numbers."

SPEAKER SET  
GOODING, March 18—Oliver Davis, branch manager of the small business administration, Boise, will be guest speaker at the Magic Valley National Association of Bank Auditors and Comptrollers (NABAC) conference dinner meeting at 6:30 p.m. Thursday in the Lincoln Inn, Gooding.

## 300 View Buhl Science Fair

BOISE, March 18—More than 300 persons viewed the Science fair featuring seventh and eighth grade student projects during an open house Monday evening at the Buhl Junior high school.

Some 180 projects, representing hours of labor as well as imagination on the part of the students, were exhibited at this first all-school science project. The event was well received by the public, according to Mrs. Lucille Parish and Tom Holmes, junior high science instructors in charge of arrangements.

First place winners in the physics and chemistry category are Del Ray Maughan, on speech synthesis; Dick Burns and Jack Burns, the microscope and its uses; Shanna Kirkham, soap manufacturing process, all eighth grade students.

Brian Lamb, the Hovercraft; Brian Turner, electro-magnetic crane; Lynn Tullis, Karen Atkins, a Van de Graaf generator; Dale Ulrich, David Alexander, a traffic light, seventh grade students.

Second place winners in this division are David Cline, Lynn Babington, eighth grade; Don

Mathews, David Jones and Scott Kamblich, seventh grade. Third place winners are Linda Povalwaski, Julie Perkins, Vickie Maehack, Suzie Mendini, eighth grade; George Parsons, Bradley Parker, Norman Eckert, Ernie Quinton, seventh grade.

Honorable mention went to Carla Smith, Dan Barsness, Pat Anderson, Denny Giesse, Lynette Penney, Abyssinian Jones, Rosemary Vacera, Tom Swan, Jack Norris, Jean Loosli, Lynne Montgomery, Dennis Daplos, Jerry Moore, Niel Ring, Mike Miner, all eighth grades; Dennis Busmann, Larry Quigley, Ralph Core, Craig Pence, Bill Miller, Christine Saunders, Judy Cranner and Rickie Richmond, all seventh grade.

First place winners in the biology category are Janice Stahlman, honey refining process; Harold Busmann, tracing the embryo of a chicken, both eighth grades; Jim Wells, tree of life; Margaret Gabardi, honey refining process, seventh grade.

Second place winners are Linda Doty, Kathy Eastman, Jean Henderson, eighth grade; Kathy Hopkins, Karen Cope, Linda Hoffman, Linda Hopple, Donna

Kroth, seventh grade. Third place, Debbie Rangen, Cary McMillin, Debbie French, Judy Schaal, eighth grade; Dyanne Hammerquist, Deena Ambrose, Dennis Holmes, Zoe Powers, Armand Eckert, seventh grade.

Honorable mentions are Sandra Jardine, Larry Lammers, Vickie Erb, Pete Anderson, eighth grade; Vickie McDurdie, Connie Hicks, George Brush, seventh grade.

Certificate awards for first place in geology, meteorology and astronomy went to Scott Pence, artesian well; Kay Barrett, astrolabe, eighth grade; Terry Dudley, Sharon Thurber, layers of earth; Catherine Van Slyke, earth and satellites, seventh grade.

## Winners on Handicapped Essay Noted

Four essay winners were honored at a luncheon Tuesday by the Employ the Physically Handicapped committee. More than 40 essays were entered from students at Buhl, Kimberly and Twin Falls.

Winners were Linda Cummins, daughter of Mr. and Mrs. Robert Cummins, Twin Falls; Janice Dever, daughter of Mr. and Mrs. Ray Dever, 1833 N. Main St., Boise; second, Nana Hedrick, 17, daughter of Mr. and Mrs. Clarence Hedrick, 189 N. Main St., Boise; third, Kay Walker, 17, daughter of Mr. and Mrs. Arthur Walker, Kimberly.

Robert Zimmerman, member of the governor's committee on employing the physically handicapped, spoke to the Twin Falls committee at a noon luncheon held at Koto's cafe.

He explained the origin of the Employ the Physically Handicapped program in the 1940's. The national committee was organized under President Truman, and which the state committee was organized with the governor of each state as chairman.

He said success has been achieved through local committees working together with business and the employment security agency.

Cash awards were given for the top four winners from Magic Valley. First place winner received \$20, second place \$15, third place \$10 and fourth place \$5.

The essays written by the four girls were sent to Boise to be entered into state competition. First place winner in the state will make a trip to Washington, D.C.

Receiving honorable mention awards were Janice Maude, Hagerman, and Kay Walker, Kimberly.

Awards will be presented by Gov. Robert E. Smylie at a March 20 meeting in Boise.

Cash awards for Idaho's winners are provided jointly by the Idaho State Chamber of Commerce and the Idaho State AFL-CIO. The trip to Washington was arranged by the Idaho State AFL-CIO.

More than 2,500 reports were entered in the annual event. The subject was "How handicapped workers in my community are proving that ability counts."

## Presbyterian Women Report March Meeting

The March meeting of the United Presbyterian Women was held in the Fireside lounge of the First Presbyterian church. Mrs. Robert Vernon, vice president, opened the meeting with a special prayer from the book, "Today."

Mrs. R. C. Harvey gave the devotional service. Mrs. Harold Holsinger presented the program on her experiences at the Embudo Indian mission. Dr. and Mrs. Holsinger spent some time during the summer at the Embudo hospital as volunteers.

This hospital is close to Dixon, N. M., located in a depressed area, whose residents are mostly of Spanish descent. She said that they farm there, much as they did 30 years ago, and water is very valuable there. The services at the church they attended, close to the mission, were conducted in English and Spanish.

Tes was served by members of circle two. The tea table was centered with an arrangement of daffodils, carrying out a yellow, brown and white spring color scheme.

The next general association meeting will be held April 9.

**Cassia Group Reports Meet**

**BURLEY, March 18**—Cassia Homemakers met at the home of Mrs. Lowell Hunt. Mrs. Dean Waters was co-hostess. A demonstration was given showing how to prepare several German dishes.

**FILER, March 18**—Mrs. LaVerne Lampe was in charge of opening devotional service when the Miriam group of the Emmanuel Lutheran church, Twin Falls, met at her home.

Mrs. Otto Schlang was selected as the group chairman for the talent fair held each meeting. The members signed a get-well card to send to Mrs. August Ude, and also signed appreciation notes to send to Louis Reinke and Herman Stammerjohn.

Mrs. Paul Kalbfleisch presented the topic on Christian discipleship.

Mrs. Bernard Hoffman served refreshments.

## Mrs. Nix Is FHA Speaker

**EDEN-HAZELTON, March 18**—Mrs. Wanda Nix, Jerome county home demonstration agent, spoke on careers in home economics, when the Valley Future Homemakers of America met at Valley high school.

Theme for the refreshment table was "St. Patrick's day," with the motif being carried out with green decorations on the white tablecloth.

Mrs. Edna Chambers, group adviser, announced more salad cookbooks have been ordered. Dessert and meat cookbooks still are available from the FHA girls.

Colleen Ellis, district No. 4 parliamentarian, and Mrs. Chambers attended a district officers meeting in Buhl to select state office candidates and check state degrees.

State degrees will be awarded at a banquet April 17 at the Boise hotel.

Next meeting will be Monday. FHA week will be discussed.

## Mrs. Whitehead Is Speaker for Methodist WSCS

**HANSEN, March 18**—Mrs. Donald Whitehead was guest speaker at the Women's Society of Christian Service meeting held at the Community Methodist church. Members of the official board met with the group.

Mrs. Whitehead stated there is a possibility of having a rural town and country worker appointed to this area. If the three churches involved, Kimberly, Hansen and Murtaugh approve, the worker would help train teachers, help call, or help in any of the phases of church work.

The rural town and country worker is supported by the Women's division of the church. Five women plan to attend the district meeting to be held Tuesday at Blackfoot.

Mrs. Mervyn Shay showed colored film strips, "This Sustaining Bread." Refreshments were served.

### SWEET AND SOUR PORK

Sauce—Mix:  
1/2 cup sugar  
1/2 cup white vinegar

1 1/2 tablespoons cornstarch  
Cook until thick, stirring constantly. (Don't overcook because vinegar evaporates.)

### Batter—

1 tablespoon cornstarch  
2 tablespoons flour  
1 teaspoon baking powder  
2 egg whites

Dip one and one-half pounds pork, cut in three-fourth-inch cubes, in batter and deep fry until brown. (Drop in piece by piece so they will not stick together.) Remove meat from pan.

Saute one-third to one-half cup raw sliced carrots and one-third to one-half cup raw sliced onion. Saute, in same fat as used to fry meat, for about one minute. Remove excess oil.

Add to sweet and sour sauce—  
Browned meat  
Saute vegetables  
1/2 cup chunk pineapple  
1/2 to 1 cup tomato catsup

**Fireman Rescues Little Girl  
From 10th Floor Ledge**

NEW YORK, March 18 (AP)—A fireman's quick action saved a 6-year-old girl from a 10th-floor ledge Tuesday. Fire Capt. John Sweeney rushed across the floor of the apartment on his stomach to rescue the youngster. This picture was taken by Mal Gurian, an industrial photographer by trade, whose office is nearby and who was driving past when he saw the girl clinging to the easement. **Ex-Resident  
Of Twin Falls  
Dies in Boise**

James Laurence Records, 31, former Twin Falls resident, died Sunday in Boise after a long illness. Mr. Records was born June 16, 1932, and was brought up on a farm near Eagle. He was graduated from Eagle high school in 1952 and served in the navy during the Korean war. He married Mrs. Records in 1955. He was employed by the Mountain States Telephone and Telegraph company. The family moved from Twin Falls to Boise about six weeks ago due to Records' illness.

Survivors, in addition to his widow, include a daughter, Shannan, 10, and a son, Jeffrey Laurence Records, both of Twin Falls; his parents, Mr. and Mrs. Alfred Records, Boise; his brothers, Edward Records and Raymond Records, both Boise; his sisters, Mildred, 19, and Records, 17, both Boise; and his mother, Mrs. Records, 31, Boise.

Funeral services will be held at 11 a.m. Thursday in Summers chapel, Boise, by the Rev. Richard Birdsell. Final rites will be held at Terrace Lawn.

**Charles L. Page

## Bird Beak Fraud Uncovered; Guppy Gobblers Vindicated

By HARRY COOPER  
LONDON, March 18 (AP)—The Devon County Bird Watching and Preservation society today publicly announced that it had won vindication for the Phalaropus lobatus, a bird known as the "guppy gobbler."

For seven years, the society reported Tuesday, the Phalaropus, a small, stocky, long-necked bird, has been taking a bum rap for the Phalaropus carbo, another member of the Phalaropus family.

Members of the society want this stoppage. As a starter they have stopped the board from letting it take a look at its board of beaks. The beaks were not those of Phalaropus carbo, the commonest of the Phalaropus family, but those of Phalaropus lobatus, a bird known as the "guppy gobbler."

## Monopoly Probe Asked By Farmers

ST. PAUL, Minn., March 18 (AP)—The nation's third largest farm organization has called for a justice department investigation into "monopoly power" exerted by retail food store chains on agriculture.

The National Farmers union said last night that food chains now have the power to "influence and subvert competitive free enterprise."

The farmers also said President Johnson's efforts to combat poverty and stimulate the economy cannot succeed without immediate government action to boost farm prices.

"A multi-million dollar income disaster faces the farm families of America," the organization said.

More than 2,000 delegates to the group's annual convention roared their approval of the resolution calling for justice department and federal trade commission probes into the nation's retail food chains.

The resolution specifically called for an investigation of so-called "vertical integration" by food store chains into their own packing plants, feedlots and ranches. Also sought was a probe of the chains' ability "to increase the spread in prices between producers and consumers without regard to supply and demand."

"Farmers are just plain mad," said Farmers Union President James G. Patton.

The organization said there are "dire urgencies" that can be met only by expansion of credit agencies and the maintenance of a high price support.

## Steve Allen to Take Over Gary Moore Program

NEW YORK, March 18 (AP)—Steve Allen, veteran television performer, will take over in September as new host of the Columbia Broadcasting system panel show "The Col. A. Scott."

The network announced Tuesday that Allen had been signed for the spot vacated by Gary Moore. The show starts its 15th season next fall.

A spokesman said the move will not affect Allen's 90-minute nightly humor and interview program syndicated by Westinghouse Broadcasting.

## Prefixes Go Way of Dodo, Many Mourn

SAN FRANCISCO, March 18 (AP)—"We have to retain the nostalgia and romanticism of the present system," said Attorney Melvin Bell when he heard the news.

"We need a little of this poetry," added Dr. S. I. Hayakawa, famed semantist at San Francisco state college.

The "nostalgia" and "poetry" were such colorful words as Klondike, Valencian, Yukon and others, which are the prefixes to telephone numbers in San Francisco.

But the state public utilities commission (PUC) yesterday gave Pacific Telephone company permission to proceed with plans to convert its entire system to all-digit dialing, thus ending the letter prefixes.

Commission President William Bennett said, "It is with a great deal of sorrow and nostalgia that I begin now to part company with those old and dear friends—Mission, Lombard, Underhill, Madison and others."

In the unanimous 41-page decision, the five commission members held that such "dehumanization" that might result from all-digit dialing was not significant enough to warrant retention of the lettered prefixes.

## Goldwater Won't Change His Views

WASHINGTON, March 18 (AP)—Here are today's political developments, in brief:

Goldwater — Continuing his campaign for California's June 2 Republican presidential primary, Arizona Sen. Barry Goldwater said he would not change his conservative views to get votes. In a speech at the Chico fair grounds Tuesday night, Goldwater said President Johnson is "so indebted to the left-wing element I don't see how he can get away from it." The senator headed today for Lakeport, Auburn and Stockton.

Wallace — Alabama Gov. George C. Wallace told his supporters in Wisconsin they should expect to be "smared" by the "liberals and the left-wing press." The segregationist governor opened his campaign in the state's April 7 Democratic presidential primary Tuesday in Appleton where he said the late Sen. Joseph R. McCarthy, a Republican, had accurately forecasted communism's threat to the United States.

Kennedy — Atty. Gen. Robert F. Kennedy said in Scranton, Pa., he was undecided whether to accept the Democratic vice presidential nomination if asked to run by President Johnson. "I haven't made up my mind what I'm going to do," he said. Kennedy received a rousing welcome in Scranton, where he addressed a St. Patrick's day dinner and made several public appearances.

BON BORN — FAIRFIELD, March 18—A son was born March 4 in Salt Lake City to Mr. and Mrs. Archie McCarthy. The mother is the former Norma Dammen, daughter of Mr. and Mrs. Carroll Dammen, Hill City. It is the couple's first child.

## News Around Idaho

BOISE, March 18 (AP)—The western region of the assembly of government employees has named an Idahoan as chairman and selected Boise as its 1965 meeting site. Marshall Edson, Boise, president of the state employees association, was elected at the group's regional meeting in Phoenix. The 1965 meeting will be conducted in Boise in June. Edson said discussion showed Idaho is one of the few states in the region without a statewide merit system. He also said Idaho's retirement system includes provisions to balance the effects of inflation, while other plans in some other states don't. Idaho's system goes into effect in 1965.

GEORGETOWN, March 18 (AP)—The Bear river protective committee asserted Tuesday that the bureau of reclamation's proposed plan for construction of the Oneida narrow dam in Bear river would have an adverse effect on the water level of Great Salt Lake. Bear river flows into the lake. "We on Bear lake know the hard way," said Lloyd Dunn, Georgetown, committee chairman, "that you don't operate lakes, or manage them, by deficit financing on water over the years. Maybe on paper, there are water profits that way, but not by the actual drawdown balance in the lake itself. You can't take the natural inflow into a lake, chop it by half or more and still keep the same level in the lake. That is common sense, and we learned it the hard way on Bear lake when the lake was drawn to bedrock in an all-time low in 1934 and it affected industry, agriculture, livestock power, fish and wildlife and recreation, besides the tourist attraction."

BOISE, March 18 (AP)—A Homedale delegation Tuesday told the state highway board it does not want U. S. highway 95 rerouted so that it will bypass their community. The delegation met with the board Tuesday during the second day of its three-day March meeting which concludes today. "We want highway 95 to come through town," said Frank Matteson, spokesman for the group. "The tourists from the south have traveled 240 miles with only Jordan Valley intervening and are ready to stop." He told the board that the delegation has collected 1,500 signatures on a petition asking that the highway not be rerouted and that "we can get you 1,500 more." Board member Ernest Gaffney told Matteson that several alternate routes will be proposed but that a compromise will probably have to be worked out.

CALDWELL, March 18—Patrons of Caldwell school district No. 132 Tuesday turned down a proposed 15-mill operation and maintenance levy but approved for one year a five-mill migrant labor levy. The vote on the operation and maintenance levy was 1,492 for to 760 against, 92 short of the required two-thirds affirmative vote. The migrant labor levy required only a simple majority.

BOISE, March 18 (AP)—The state highway department opened bids Tuesday on road projects. Wins and company, Inc. Buhl, was listed as apparent low bidder, with an offer of \$26,022, for sealing about 11.4 miles of U. S. 26 from Clark Hill to Granite Hill in Bonneville county. There were two other bidders.

## Green Hair

ARVADA, Colo., March 18 (AP)—Sam Gillan got his Irish up Tuesday. He saw no reason why his three boys could not go to school on St. Patrick's day with their hair dyed green.

School officials couldn't see it that way. They ordered the boys to wash out the dye. They telephoned their dad. He told them to go on home and have a holiday.

Sporting the emerald pates were Ray, 7; Lee, 12, and Sam, Jr., 15. Sam, sr., said his grandparents came from Ireland 100 years ago.

## Recognition Banquet Set At Kimberly

KIMBERLY, March 18—Annual student recognition banquet sponsored by the Kimberly Chamber of Commerce will be held at 7 p.m. Thursday in the grade school auditorium with Dee Anderson, University of Idaho football coach, as guest speaker.

Andros is highly regarded as a football coach and has an excellent record during the two years he has coached, chamber officers say. He will be accompanied by Steve Musso, backfield coach at the university.

More than 110 students will be honored, including all honor students, drama and declamation winners, the senior members of the K-Ettes (the girls' drill team) and the athletes on the football, basketball, track, golf and wrestling teams.

Tickets for the banquet may be purchased from Robert Stradley and Robert (Dutch) Sherman, school superintendent.

## Last Rites Held For H. Anderson

HAGERMAN, March 18—Funeral services were held for Herman Anderson at 2 p.m. Monday in the Hagerman LDS church by Bishop James McManis.

Vern Lott gave the invocation. Two songs were sung by a quartet consisting of Mrs. Joseph Haycock, Mrs. C. W. Choules, Mrs. Albert Moyes and Mrs. George Palmer, accompanied by Mrs. Floyd Marsh.

The obituary and talk were given by Emerson Pugmire. Stanley Penfold gave the benediction.

Palbearers were Henry Cherry, Frank Smith, Alonzo Brown, Lester Hendricks, Orel Sief and James Simpson. Honorary palbearers were Mr. Anderson's grandsons.

Hanna Akers played prelude and postlude organ music. Flowers were arranged by members of the Relief society.

Concluding rites were held at the Hagerman cemetery.

## Air Crashes Cost Nearly Two Billion

WASHINGTON, March 18 (AP)—More than 1.8 billion dollars in U. S. military planes have been lost or badly damaged in crashes over the past three years, it was learned today.

Pilot error and "material failure" were listed as the chief causes in more than 2,000 major military aircraft accidents in 1961-1963.

This data was contained in an analysis provided by the defense department. The Associated Press asked the report in connection with a running dispute over the relative reliability of missiles and manned aircraft.

Critics of U. S. missiles systems have suggested, among other things, that there is much more assurance about the reliability of manned aircraft because of many years of experience and thousands and thousands of flights.

The Pentagon report said the air force suffered some 1,100 major accidents over the past three years causing damage totaling 1.1 billion dollars. This averages out to about one million dollars per accident.

In a rundown of causes, the navy and marine corps was responsible for 40 per cent of all accidents to navy and marine corps aircraft. Pilot error was blamed for 48 per cent and 12 per cent by "other persons."

Material failure accounted for 28 per cent, weather, base facilities and miscellaneous causes the rest.

The air force said pilot error caused 31 per cent of its accidents, material failure 39 per cent, weather one per cent, maintenance eight per cent, supervision five per cent and the remainder undetermined and miscellaneous.

Army statistics, which were not broken down, were reported to show crew error as a main cause of accidents, material failure as the second cause and maintenance and weather following in that order.

"All the services have vigorous accident prevention or safety programs," the Pentagon said.

## Ball Slated

EDEN, March 18—First Segregation fire protection district is holding its annual firemen's ball at 8 p.m. Saturday at the Eden grade school. Frank Hodge and his Rhythm Rangers will provide music and Eden Grange women will furnish refreshments.

Proceeds will be used to provide needed items for the volunteer firemen.

## Mrs. Simis To Head PTA At Gooding

GOODING, March 18—Mrs. Don Simis was elected president of the Gooding PTA at a meeting Monday evening in the elementary school auditorium.

Other officers elected are Mrs. David Boring, vice president; Mrs. Lauren Shaver, secretary; and Mrs. Marvin Pierson, Treasurer.

Mrs. Pierson and Mrs. Simis were hospitalty chairmen. Mrs. Alice Cargill's fifth grade won the attendance award for the elementary school and Mrs. Robert Bryant's room won for the junior high school.

Mrs. Louie Durfee reported on the annual carnival held Friday at the junior high gymnasium.

Mrs. B. A. Bodmer, president, announced that Mrs. Paul Rose would serve as chairman for the pre-school clinic.

Mrs. M. V. Klingler reported the district PTA meeting would be held in Gooding May 7. Dee Keller, superintendent of schools, gave an explanation of the plant facilities levy election.

## Utah Nears End Of Indebtedness

SALT LAKE CITY, March 18 (AP)—State Treasurer Sharp Larnsen says Utah is within \$10,000 of being free of bonded indebtedness.

Only Florida and Nebraska now have no bonded indebtedness, he said.

A legal knot involving the estate of a deceased person must be untangled before the state can pay off the money which Larnsen said was readily available.

He said the \$10,000 debt is the last of two million dollars in bonds sold at the tail end of the depression to pay state bills and pay rolls.

## Visits Son

LONDON, March 18 (AP)—Sir Winston Churchill, who will be 90 Nov. 30, called on his 63-year-old son, Randolph, at Brompton hospital Tuesday night.

Randolph, journalist and writer, underwent a lung operation March 9. A hospital statement said Randolph "continues to make progress."

## Miss Howerton Honored by Lodge Members

KETCHUM, March 18—Pauline Howerton, Nampa, president of the Rebekah assembly of Idaho, was honored by members of the Snowdrop lodge at their regular meeting.

Preceding the business meeting a banquet was held at the four-ball.

Mrs. Vaughn Murphy, noble grand, was toastmistress. In addition to Miss Howerton, Mrs. Murphy introduced Mrs. Glen Murphy, Nampa, assembly marchant; Mrs. Beulah Parks, Buhl, Idaho; a guardian; George Venetide, past grand master of the Snowdrop lodge of Idaho, IOOF, and honored guests from district No. 7 lodges.

Cassages were presented to the honored guests. Theta Rho girls presented the program, climaxing it by presenting Miss Howerton a gift.

Introduction committee included Mrs. William Smith, Mrs. Frank Morrison and Mrs. G. R. Leunbury.

Mrs. Ruth Davis, Opal lodge, Shoshone, was granted a transfer to Snowdrop lodge.

## Relief Society Reports Meet

VIEW, March 18—Mrs. Max Casperson directed the activities of the View ward LDS Relief society meeting.

Mrs. Wallace Baker, Cassia stake Relief society board member, presented the lesson on planning and preserving traditions important to the family. There was a discussion on the importance and significance of the American flag.

Mrs. Byron Waymunt gave a meat cookery demonstration, assisted by Mrs. Gayle Wrigley. Recipes were distributed to members.

## Ardis Mae Guy Is Bride of H. G. Eccles

PICABO, March 18—Ardis Mae Guy, Sun Valley, daughter of Mr. and Mrs. John Greenfield Schrick, Chicago, Ill., was married to H. Gordon Eccles, son of Mr. and Mrs. Leonard N. Purdy, Picabo, March 7.

The double ring ceremony was performed in the Twin Falls First Christian church by the Rev. Donald L. Hoffman.

The bride wore a gown of pale yellow silk organza over taffeta, with matching accessories enhanced with a coronet of yellow flowers in her hair and a wrist corsage of yellow roses.

Matron of honor was Mrs. Carl Pothier, Ketchum. She wore a beige sheath dress with matching accessories and a corsage of pink roses. Nick Purdy, Picabo, was best man.

The bridegroom's mother wore a dinner dress of blue lace and silk with matching accessories and a pink rosebud corsage.

A wedding dinner was held at the Blue Lakes Country club.

The bride is a graduate of Northwestern university, Evansville, Ind., with a BS degree in liberal arts. She was a member of Zeta Tau Alpha sorority.

Since residing in Sun Valley she has been associated with America House as a jewelry designer.

The bridegroom received his degree in agricultural engineering from the University of Idaho. He was a member of Sigma Alpha Epsilon.

The couple will reside at Picabo where Eccles is associated with Silver Creek Supply company.

## Khrushchev Is Having Spy Troubles

BY LEON DENNEN

NEW YORK, March 18 (NEA)—Premier Khrushchev is reported to be having spy trouble in addition to Russia's usual economic and agricultural difficulties.

There is increasing evidence that the recent defection to the West of Russia's secret agent Yuri Nosenko was merely the latest incident in a series of failures that have disrupted Moscow's global espionage network.

Nosenko doubled as an agent of the secret police (KGB) and adviser to the Russian delegation at the Geneva disarmament conference. He is also believed to be an expert on Soviet atomic weapons.

Western intelligence officials regard as significant the fact that Nosenko's defection came at a time when the Soviet government decided to clean house in its espionage setup.

It is now known that shortly before Nosenko requested asylum in the United States, Gen. P. I. Ivashutin was appointed chief of Soviet Intelligence. He replaced the notorious Gen. Ivan Serov, who vanished into obscurity after the execution last year of Col. Oleg Penkovsky.

Penkovsky, a brilliant scientist and military expert, was a member of the highest circles in Red society. He was the son-in-law of a top Soviet general. Nevertheless, he supplied the West with valuable information for two years before he was finally tracked down by the Russian secret police.

Soviet intelligence had been previously hurt by the unmasking of one of its most valuable agents in the West, Swedish Col. Stig Wennerstrom.

Wennerstrom, now on trial in Stockholm, had been supplying NATO military secrets to Moscow for more than 15 years. From 1962 to 1967, he was Sweden's top attaché in the United States. At the time of his arrest as a Russian spy, Wennerstrom was a high official of Sweden's defense department.

Before Wennerstrom's arrest, another top Soviet agent known as Anatoli Dolynin defected to the West, going by the way of Finland to London.

Dolynin is reported to have given the West such detailed information on Soviet espionage organizations that they are still puzzled in many parts of the world as a result of his disclosures.

Premier Khrushchev's appointment of Gen. Ivashutin as chief of intelligence is thus seen as more evidence that the reorganization of Russia's badly crippled espionage network is far from completed. The KGB's serious internal personnel problems are apparently still unresolved.

Ivashutin is not an intelligence expert but a security officer who received his training in the notorious SMERSH organization, the Red Army's counter-espionage agency. SMERSH, known to all Russian soldiers, is the Russian initials for Death of Spies.

This is the view of Western intelligence officials, clearly indicating that Ivashutin's job is primarily to spy on Russia's spies rather than gather intelligence. They report that the general has already begun to put under scrutiny intelligence operations conducted abroad through the United Nations, Soviet embassies and other diplomatic missions.

Yuri Nosenko defected because he feared to return to Russia after Ivashutin's appointment. He is believed to be only the first of the agents ready to seek asylum in the West before being caught in the large-scale purge of the Russian espionage network.

## U.S. 'Flying Grandfather' Lands on Greenland Icecap

REYKJAVIK, Iceland, March 18 (AP)—Max Conrad, America's flying grandfather, is reported in "fine shape" after being rescued from the Greenland icecap where he crashed landed a single-engine plane.

It was the 62-year-old pilot's first crash in nearly 14 years of cross-oceanic flights in delivering single-engine planes to customers.

By his reckoning, he was making his 100th trans-Atlantic solo flight Tuesday. Apparently trouble with the Italian Proctor Pico P15 he was ferrying from Italy to Canada forced him down on the barren icecap in subzero weather.

The flier was less than five hours out of Reykjavik, Iceland, when he came down on terrain he described in a magazine article 12 years ago as "mountains, ice, rocks, no iron, no coal, no trees, nothing that man could use."

Luck was with him. He was on the ice only a short time before an Icelandic airliner spotted him. Another plane dropped warm clothing and food.

An air force spokesman in Washington said Conrad walked across a glacier from the wreckage of his plane to the spot where a small fishing boat took him off the icecap. He was transferred to a Danish amphibious plane and flown to a U. S. air base in southern Greenland. He was to be flown today to the air force base at Goose Bay, Labrador.

It was Conrad's first serious accident in 35 years. The last one, in October, 1929, happened on the ground. A woman passenger alighting from his plane, walked into the propeller and was killed. Conrad tried to rescue her and the still-spinning blade fractured his skull. The injury blanked out his memory for three years and he had to learn to talk again.

Conrad, who lives in Winona, Minn., has crossed the oceans so many times that he remarked last year that he was getting bored with the ferrying job.

In 1961, he and his son Terry, 17, set a record for small planes by flying around the world in eight days and 18 hours.

Smelly Books

OLEBURNE, Tex., March 18 (UPI)—One man said he thought something had crawled into his house and died. He discovered it was his phone book.

A Southwestern Bell Telephone spokesman said yesterday residents dialed the telephone company shortly after their new phone books arrived, complaining the books had an odor.

"It must have been a drum of bad ink used in the printing," a harassed spokesman said. "Those books did smell terrible."

Bell officials began reprinting books at a cost of 25 cents. The total cost will be about \$2,500 to get sweet-smelling books to the customers again.

## Shoshone Eyes Flood Threats

SHOSHONE, March 18 — Although the snow is deep in the Lincoln county area this winter, the general opinion is there will not be the flood hazard this year there was last.

This is because the ground is unfrozen and the melting snow will easily be absorbed. Last year after a light snow and heavy freezing, a sudden thaw came and the runoff could not sink into the ground. As a result there was some damage in the area.

Despite the optimistic view, however, there always is the possibility weather conditions will suddenly change and some flood threat may result.

According to Leon Grieve, manager of Big Wood Canal company, Magic reservoir is not filling up very fast. The last reading was only about 111,000 acre feet of water. Capacity is 191,500 acre feet.

There has not been much runoff in the high country and indications are there will be plenty of water to fill the reservoirs and insure adequate irrigating water for the summer.

Grieve feels the only flood threat could be from a sudden thaw and runoff into Little and Big Wood rivers.

Bert Terry, Shoshone street superintendent, said he doesn't expect a flood this season. He based his opinion on his many years of experience and living in this area.

Terry said he had seen a good many winters with heavy snow and little frost, and there was no trouble with spring floods.

City work at this time is confined mostly to keeping drain holes on street corners open so water can get off the oiled roads as it melts.

Last year after the flood the channel of Little Wood river through Shoshone was cleared and a major improvement to help eliminate floods was installation of the new culvert and bridge on highway 88 here.

# Valley Joins Big Six Loop; Five Others Rejected

JEROME, March 18—Valley high school reactivated its membership in the Big Six conference, the 1964-65 A-3 basketball tournament was set up on split sites and four schools made unsuccessful bids for membership at the league's meeting Tuesday night. Valley, which had placed its membership in dormancy for a year, automatically withdrew from the one-year-old South Central Idaho conference. Also seeking membership were Oakley and Declo, both A-3 schools; Hagerman and Castleford from the A-4 circles and Piler from A-2.

## Oakland to Build Sports Coliseum

OAKLAND, Calif., March 18 (AP)—Sports hungry Oakland got the go signal Tuesday for a \$25 million sports coliseum complex. City and county auditors dropped their appeal from a court judgment upholding legality of the project.

Robert T. Nahas, president of non-profit Coliseum, Inc., announced ground would be broken May 15 and completion could be in time for the 1966 major league baseball season.

Oakland has been looking hopefully toward the American league to get another major professional team along with its Oakland Raiders of the American Football league to make it a sports rival of San Francisco across the bay.

## Race Drivers Get Penalties During Probe

COLUMBUS, O., March 18 (AP)—The U.S. Trotting association dealt out penalties Tuesday to seven harness drivers on collusion charges, climaxing the most extensive investigation ever conducted by the racing group.

The probe concerned races last year at Scioto Downs, a plush plant built five years ago south of Columbus.

Walter J. Michael, president of the USTA, handed out five-year suspensions to two harness drivers. The others were slapped with lesser penalties in what Michael described as "the most drastic action ever taken by USTA."

Charged with racing collusion at Scioto and suspended for five years were Edward N. Morgan Jr., 24, of Castown, O., and Don McKigan, 33, of Mount Gilead, O.

The suspensions were ordered by Michael at the culmination of hearings. The two drivers also were denied membership by the USTA membership committee.

Michael declined to elaborate further on the racing collusion charges. He said evidence indicated that the irregularities occurred late in the 1963 season and involved about a half-dozen races.

## ASU Troupes Colorado 15-4

TEMPE, Ariz., March 18 (AP)—Arizona State university pounded out a 15-4 baseball victory over Colorado State university Tuesday.

The Sun Devils jumped off to a 6-0 lead in the first inning as 12 men went to the plate and collected five hits.

A-State steadily padded the margin off CSU pitchers Gary Bruner and Gary Korlin.

Second baseman Louis Lagunas had two hits, one of them a homer, and three runs batted in for A-State.

TOP THREE of the Kindercup ski races boy's division held on Dollar mountain Saturday in Sun Valley are, from left, Danny Bell, second; Pat Simpson, first, and Billy Shaw, third. More than 100 children from Halley and Ketchum participated in the event. (Sun Valley photo)

## Army Nips Duquesne, Lobos Hold Drake, Gain Semi-Finals

NEW YORK, March 18 (AP)—Army came from 16 points behind with a magnificent second half comeback to upset Duquesne 67-65 Tuesday night in an overtime quarter-final game in the National invitation basketball tournament. Bob Siegle's three free throws in the last minute—the last with 17 seconds left—provided the Cadets with their winning margin. New Mexico survived a furious closing rally by Drake to beat the Bulldogs 65-60 in the first game.

The St. Patrick's night crowd of 11,362 at Madison Square Garden watched as the Lobos and the Cadets won to advance to Thursday's semifinals. New Mexico meets New York University in the first game and Army will oppose Bradley in the second.

When Willie Somerset missed a jump shot in the last second of the overtime, there was panic in the stands. The West Point team, then invited Allen to punch him.

The Los Angeles Times said it happened this way: Alston took exception to an article Allen wrote about him last season in the New York Post. Tuesday was the first time they had met since the article appeared.

Alston denounced Allen, called him names and said "it was the worst article ever written about me." He then invited Allen to punch him.

Allen declined and the two then went to the clubhouse where the scene was repeated.

Allen commented afterward: "Me punch Alston? I'm no hero."

NEW COACH DAYTON, O., March 18 (AP)—The University of Dayton's basketball Flyers will be coached next season by 32-year-old Don Donohue, who was Coach Tom Blackburn's top assistant this past season.

Somerset, Duquesne's star, then fouled Siegle. He made good on both tries for what proved the winning points.

Cuff's two fouls made it 66-65 before Siegle made his last free throw, when he was intentional fouled by Somerset with 17

seconds left. It didn't seem possible that the Army-Duquesne game would surpass in thrills the finish of the New Mexico-Drake game, but it did.

Behind 61-51, Drake closed to 61-60 with 1:03 left, but then saw a chance for victory go by the boards when Dick Ellis converted four free throws, two of them with 27 seconds left and the other two with just five seconds on the clock.

The exciting finish changed the mood of the St. Patrick's night crowd to cheers. Earlier they had booed New Mexico's ball control tactics, especially during the last three minutes of the first half when the Lobos just passed the ball around to set up a final second shot—which they missed.

Claude Williams got the Lobos off to a fast start and Irge Harge and Ellis followed through in the second half for what seemed to be a convincing New Mexico triumph until Drake's closing heroics.

McCoy McLemore, Drake's high scorer with 28 points, ignited the closing fireworks. Billy Foster added a free throw and Gene West got a jumper. Foster did the same and it was 61-58 with 2:20 left.

With 1:52 left Foster was fouled, but missed both free throws which cost Drake dearly as it turned out. McLemore tapped in a rebound, but then Ellis came through with his deciding four free throws.

## Houston May Be Future NCAA Site

KANSAS CITY, March 18 (AP)—Houston's domed stadium still under construction probably will be considered as a future site of the NCAA basketball finals, an official said Tuesday.

The stadium, expected to be ready for baseball in 1965, offers unusual potential for basketball, said Bernie Shively, athletic director at Kentucky.

Shively, chairman of the NCAA basketball committee, is here for the national finals to be played in Municipal auditorium Friday and Saturday nights.

"I'm sure we could sell 30,000 tickets here this week-end if we had a place to put the people," Shively said. He added that lack of a big enough arena has become an increasingly difficult problem in recent years.

## Black Hawks Move Into NHL Lead

CHICAGO, March 18 (AP)—The Chicago Black Hawks moved into sole possession of the National Hockey league lead Tuesday night by whipping the New York Rangers 4-0.

The victory moved the Hawks two points in front of the idle Montreal Canadiens, who have three games left to play starting with Wednesday night's game against Toronto in Montreal.

Bobby Hull, the league's leading scorer, paced the Chicago attack with his 42nd and 43rd goals of the year. Stan Mikita, who leads the league in points, added his 39th of the year and gained an assist on one of Hull's tallies to boost his total to 89 points. He leads Hull by three points.

Both of Hull's markers came on deflections of shots by defenseman Pierre Pilote. The second was scored while New York's Harry Howell was in the penalty box.

Mikita's goal was unassisted. He stole the puck in center ice, beat two Ranger defensemen and went in alone to beat New York goalie Jacques Plante with a 15-foot shot.

## Giants Defeat Red Sox 4-3

SCOTTSDALE, Ariz., March 18 (AP)—The San Francisco Giants bunched four singles in the sixth inning to score three runs and defeat the Boston Red Sox 4-3 Tuesday.

Lefty Bill Spanawick was the victim of singles by Willie Mays, Orlando Cepeda, Willie McCovey and Jose Pagan in the rally, which broke a 1-1 deadlock.

The Red Sox almost caught up in the ninth inning when they scored their third run on a double by Tony Conigliaro, a single by Tony Horton and a throwing error by centerfielder Jose Cardenal. A good play by shortstop Jose Pagan got Russ Nixon for the final out with the tying run on the way to the plate.

## Yankees Drop Game to Twins

FT. LAUDERDALE, Fla., March 18 (AP)—Jimmie Hall earned and Vic Power collected the singles Tuesday in leading the Minnesota Twins to a 7-2 exhibition game victory over the New York Yankees.

The Twins jumped on lefty Downing for three runs in the first inning and slammed an extra base hit for three runs off Ralph Terry, who won the middle three innings, celebrating his 28th birthday. Joe Nosske hit doubles and Allison and Zolio Versalles hit triples off Terry.

Who'd ever think a car 213 inches long, 79 inches wide, 6 passengers roomy and Trophy V-8 powerful could cost so little?

## Pontiac people.

You'll never guess what else Pontiac people get for their money in Catalinas. Pontiac styling? Well, obviously. Curv-uncurving Wide-Track! Of course. A Trophy V-8 that thrives on regular gas, if they prefer? No charge. Lots more that could cost extra, but doesn't? Sure, electric wipers and dual visors and foam-cushioned front seats. # Pressure Lifts On UCLA After Unbeaten Season

KANSAS CITY, March 18 (AP)—UCLA won't be bothered by the pressure of an unbeaten season in the final rounds of the NCAA basketball championship. "We feel we're starting a new season," Bruin coach John Wooden said. "Our kids were pressing to complete the regular season undefeated. They made it. And that took the pressure off. Now we feel we're starting all over again. If we get beat, it won't be because of that kind of pressure. It'll just be because we played a better team."

## Steelhead Fishing Poor, Will Improve

SALMON, March 18—Steelhead fishing over the week-end continued "pretty poor," although Don Corley, Salmon, fisheries biologist for the Idaho fish and game department, said fishing should start improving within the next few weeks.

The fish and game department checked 82 fishermen with six fish on Saturday and 45 fishermen with eight fish Sunday. Four of the fish were caught beyond the end of the Salmon River road during a boat trip.

Slush ice forms in the river during the morning and ice breaking up at the end of the day is clouding the water, Corley said.

The spring run of steelhead generally arrives at the mouth of the Middle Fork around mid-March.

## Pitcher Drives In Winning Run

ODDOSA, Fla., March 18 (AP)—Pitcher Larry Bohannon singled home Walter Williams from third with one out in the 11th, giving the Houston Colts a 3-2 exhibition victory over the Baltimore Orioles Tuesday.  
Ivan Murrell's double had sent Williams to third before Bohannon's single, which pinned the Colts on Herman Starette, the Orioles' pitcher.  
Stinky Brown, who started and pitched five innings, and Larry Yellen, who pitched four, held the Orioles to three hits over the nine-inning route but Glenn Vaughan's error let the two Baltimore runs in the eighth.

## Four Prep Students Win Ski Title

SQUAW VALLEY, Calif., March 18 (AP)—Four high school students from Durango, Colo., representing the Southern Rocky Mountain ski association, won the cross country event Tuesday opening the National junior ski championships.

Dick Plock, Bob Griffith, Allen Smith and Clark Mattis skied the 20 kilometer relay in 1 hour 28 minutes and 10 seconds over a fast course through the Squaw Valley site of the 1960 Winter Olympics.

Two foursmen from the Eastern Amateur ski association took the next two places. Runner-up honors in 1:28:51 went to a team of Terry Morse, Plymouth, N.Y.; Richard Haskell, address not available; William Kendall, Auburn, Me., and Avery Caldwell, Rumbold, Me.

Third place honors in 1:29:12 were won by David Durrance, Deerfield, Mass.; Terry Aldrich, Old Forge, N.Y.; Wayne Cunningham, Mexico, Me., and Gary Giberson, Rumbold, Me.

## Look up

KANSAS CITY, March 18 (AP)—The 1940 NCAA basketball finalists, Indiana and Kansas, would be looking at the chins—in some cases the Adam's apples—of the 1964 NCAA finalists if they were lined up today.

This is another way of saying the players of today are almost a head taller than those of a quarter century ago.

Few of the members of the 1940 Indiana and Kansas teams would suggest they could win against the current crop. There is a dramatic difference in size and big improvement in shooting skill evident today.

But they won't concede an inch to the moderns when it comes to spirit, guts and hustle.

## Title Rematch No Different, Says Trainer

NEW YORK, March 18 (AP)—If Cassius Clay and Sonny Liston fight again the result will be the same, says the new heavyweight champion's trainer.

Clay will knock him out again," said Angelo Dundee today. "It doesn't matter if Liston has a bad shoulder or a good one. Cassius is just too much for him."

Liston said he hurt his left shoulder and only he knows how much it handicapped him. All I know is that Cassius busted him up just like we thought he would. "The fight went the way we figured it would except it ended sooner than we anticipated. I predicted it would happen in the 11th or 12th round."

The big guy figured to run out of gas, just like he did, from missing the way he did. Cassius is the fastest heavyweight I've ever seen. His reflexes are lightning fast. His left jab nullified Liston's left and I think that Clay's reach is greater than Liston's although the measurements say Liston has an edge of a couple of inches.

Liston was 7-1 favorite and obviously overconfident. How much did that help Clay? "It helped plenty," said Dundee in a telephone interview from Miami Beach. "Liston was not prepared to go as far as he did. But I think it will be even better for Clay if Liston trains real hard the next time. The body can stand just so much. Liston could overwork himself the next time."

"That would be poison against

Cassius, who has youth, speed and marvelous reflexes. And he can punch real good, believe me. "He ruined Liston with the quality of his punches and busted him up. Cassius has busted up almost everyone he's fought."

If Clay doesn't meet Liston, troubled with the police again, who will he fight? Will it be Doug Jones, Ernie Terrell or Eddie Machen? "I can't say," replied Dundee. "That would be up to Manager

Bill Faverham. I don't care who it is. Cassius will beat them all. He's the best there is right now and could be the greatest of all time."

**DONATION**

## New Look for Foreign Aid Bill Shelved

WASHINGTON, March 18 (AP)—President Johnson's plans to give the controversial foreign aid bill a new look were shelved after a quiet little White House dinner about six weeks ago, a high source reports.

The main decision involved whether to split the economic aid program from the military aid program and present them to congress separately. The idea was to change the image of the program and make it more palatable to congressmen and voters.

Secretary of Defense Robert S. McNamara led off the after-dinner discussion by stating the case for making military aid separate, a source who was present said.

He was followed by others who favored this approach, among them Sen. J. William Fulbright, D. Ark., chairman of the senate foreign relations committee.

The case for splitting economic and military aid proceeded smoothly as though the decision were "on the rails," the source said, until the President called Rep. Thomas E. Morgan, D. Pa., chairman of the house foreign affairs committee.

"Mr. President, if you want to lose the foreign aid bill on the floor of the house, then fragment it," Morgan told Johnson.

Morgan then repeated his long-held views that the military assistance portion of the foreign aid bill is the only thing that gets it through congress each year, and that to separate the two sections would be an open invitation to the program's foes to decimate the economic aid, or "foreign aid giveaway," as they call it.

Other important voices backed Morgan's view, the source said.

President Johnson's foreign aid message is due to arrive on Capitol Hill Thursday, and he is expected to ask for about \$4 billion dollars in one package for the program this year.

President Kennedy asked for 4.5 billion dollars last year, but the house slashed it to 3 billion dollars.

**BEAT TO DEATH**  
LANSING, Mich., March 18 (AP)—A bill calling for juvenile lawbreakers to be punished by public whippings was killed Tuesday by the house judiciary committee. The guess you could say the best is to death, quipped Rep. Thomas Whinery, R., Grand Rapids, chairman of the committee.

OLDSTERS ON THE TRAIL are Dr. Percy M. Dawson, 91, right, and his long-time friend, geologist Augustus Brooke, 81, in the hills behind Stanford university. Dr. Dawson, physician-physiologist, continues the six- to eight-mile weekly hikes he began a half century ago in a unique aging-fitness study, including the effects of aging on work ability. Associates say Dr. Dawson's exercise ability at 91 is comparable to healthy men of 80. (AP wirephoto)

## Meat Import Tiff Gives Big Headache

By JACK BELL

WASHINGTON, March 18 (AP)—Caught in the squeeze of international trade negotiations, the Johnson administration may be stockpiling some election troubles by resisting legislation to cut meat imports.

Republicans contend that the Western prairies are on fire with protests of cattle and sheep raisers. Sen. Roman L. Hruska, R., Nebr., contends some cattlemen are "going broke" because of boosted imports of beef, veal and mutton under voluntary agreements with Australia and New Zealand.

That there is Democratic concern over the matter was demonstrated by the action of senate majority leader Mike Mansfield, D. Mont., in proposing quotas which would limit such imports to the average of 1959-63 base period. Mansfield is seeking reelection in November.

Thus far, testimony in support of quotas of one kind or another has been taken by the senate finance committee from North Dakota, South Dakota, Iowa, Montana, Colorado, Wyoming, Idaho, Nebraska, Vermont, Virginia, Oklahoma and Hawaii.

Hruska and Secretary of Agri-

culture Orville L. Freeman got into a shouting match about the matter in a hearing Tuesday before a senate appropriations subcommittee.

Freeman testified that he is opposed to any legislation to place quotas on meat imports.

He said the United States should wait to see if voluntary agreements with Australia and New Zealand don't strengthen domestic meat prices.

The secretary contended that only 15 per cent of the decline in prices paid to cattle raisers was caused by imports. He said 85 per cent could be attributed to an increase in domestic production. He promised to review the

situation again next year.

Hruska said the cattlemen can't wait.

"The patience of those people directly involved, who will be broke and bankrupt, will run out and they will say, 'You have to legislate,'" he declared.

Freeman broke in to say that the Nebraska Republican, who is seeking reelection this year, was making "a campaign speech."

"I resent that very much," Hruska fired back. "This is not a political speech. This is the feeling of the people of the Midwest."

Freeman retorted that he knew a political speech when he heard one because "I make enough of them."

Unmentioned in this exchange was the fact that the Johnson administration is trying to keep its record clear of quota restrictions when it goes into international negotiations in Geneva in mid-May seeking to get the European Common Market to lower some of its barriers against American farm products.

A measure of success in such endeavors would be calculated to raise the administration's standing among farmers generally. It would not necessarily mitigate the resentment of cattle and sheep raisers at the low prices they still may be receiving in November.

## Rickenbacker Supports Goldwater

NEW YORK, March 18 (AP)—Eddie Rickenbacker, World war I flying ace and former board chairman of Eastern Air Lines, announced Tuesday night he has mailed to "tens of thousands" of New York state residents an appeal to contribute money to the campaign of Sen. Barry Goldwater for the Republican presidential nomination.

Rickenbacker's statement was issued through the Goldwater for President office here. The Arizona senator's chief rival for the nomination is Gov. Nelson A. Rockefeller of New York.

## Adenauer Is Reelected Party Leader

HANNOVER, Germany, March 18 (UPI)—Former Chancellor Konrad Adenauer, 88, was reelected chairman of the Christian Democratic party Tuesday. He promptly offered to continue the government coalition with the Free Democrats.

A near-unanimous vote of the Christian Democratic party (CDU) convention here returned Adenauer to the top party post he kept when he resigned as West Germany's chancellor last autumn.

Adenauer received 452 of the 478 votes cast. Only 14 delegates opposed his reelection and 12 others abstained.

Adenauer then offered to maintain the party's coalition with the Free Democrats (FDP) that has weathered many a storm in Bonn since the birth of the West German federal republic in 1949.

He did not say whether he had discussed the offer with Chancellor Ludwig Erhard.

The former chancellor, who still refuses to bow to old age, told a news conference his party is willing to continue the coalition after the 1965 federal elections even if it should capture an absolute majority in parliament.

## Game Slated

YANBURN, March 18.—The PTA is sponsoring an "Old Men's" basketball game to be held at 8 p.m. Friday. Proceeds will go to install extra lighting fixtures in the hot lunch room.

ARCHITECT'S DRAWING of the new LDS Sixth and Eighth ward chapel now under construction, shows what the building will look like when completed. It will consist of 28 classrooms, a kitchen and a combined recreation

hall and gymnasium. The construction work started July 7, 1963. The stakehouse will be used by the Twin Falls Sixth and Eighth wards.

CONSTRUCTION IS under way on the steeple of the new Sixth and Eighth ward chapel, the 600 block of Harrison street, across from the Harrison school. The building will cost approximately one-half million dollars and is scheduled to be completed by July. The chapel auditorium will seat about 2,000 people. (Times-News photo)

## YOUR BIRTHDAY and HOROSCOPE

WEDNESDAY, March 18 —

Born today, you have a great deal of natural talent, but you are restless and may find it difficult to settle down to the business of developing that talent long enough to bring it to the peak of perfection. Guard against this tendency to indulge your every inclination for new places, new people. This could make the difference between a great and a mediocre career.

You have a high degree of personal charm and make friends with extreme ease. In fact, you make friends so easily that you are sometimes apt not to put enough value in what are actually very valuable associations. Appearing in public, before an audience, brings out your very best performing instincts. On the other hand, working alone is both stimulation and therapy for your nervous system. Take your pick—a career could lie in either direction!

There is every indication that you will marry young — if you are fortunate enough to find a mate who's willing to make the effort to keep up with you. Otherwise, wedded bliss may be a long time coming—especially if you are slow to learn to control your restlessness.

Among those who were born on this date are: Robert Coffin, American poet, biographer; Grover Cleveland, twice President of U.S.; Margaret Culkin Banning, author.

Thursday, March 19 — FISCUS (Feb. 20-March 20) — A day to follow your own intuitions in matters of real importance. Personal affairs are especially favored.

ARIES (March 21-April 20) — You'll have no need for explanations or apologies if you do your work well. Avoid taking the long way around.

TAURUS (April 21-May 21) — Concentrate on your cultural interests today. If called upon to assist another, however, drop everything and do so.

GEMINI (May 22-June 21) — For first-rate results, stick to the project at hand. This is definitely no time for changing horses. Your mid-stream.

CANCER (June 22-July 23) — A trip, possibly connected with some educational project, can bring exceptionally satisfying results at this time.

LEO (July 24-Aug. 23) — Make decisions and act efficiently today — particularly if another's success hinges upon your own.

SCORPIO (Oct. 24-Nov. 23) — New ideas, even if they appear almost too originally progressive, should work out well for you right now.

SAGITTARIUS (Nov. 23-Dec. 22) — Conditions that go to make up your home environment are likely to loom large right now. Social affairs are stressed.

## Half-Million-Dollar LDS Stakehouse Is Under Construction in Twin Falls

The new Twin Falls LDS Sixth and Eighth ward chapel under construction in the 600 block of Harrison street, across from Harrison school, is scheduled to be completed sometime in July, Lloyd A. Hamilton, president of the Twin Falls LDS stake said Monday.

Construction on the building started July 7, 1963. The building, when completed, will cost about one-half million dollars. Walter R. Hafer is the contractor.

The building will have 28 classrooms and a combined recreational hall and gymnasium. It will have an auditorium that

will hold about 2,000 people. The building will be wired for closed-circuit television for use during meetings when overflowing crowds necessitate setting up additional seating in other rooms of the building and also will have kitchen facilities.

Hamilton said the building will be used for a considerable number of things. There will be a seminary class every school day from 7 to 8 a.m. for students in junior high and high school.

The women's auxiliary will use the building every week day, and there will be a children's Primary organization using the building in the afternoon. He said this will provide for all children from 4 years of age through grade school.

It was reported that in the evening the chapel will be used by the Young Men's and Women's Mutual Improvement association, this will include everyone from junior high school up. The building will also be used for dancing, drama, speech and debating.

## Church Leader Says Rights Bill Is Misrepresented

BOISE, March 18 (AP)—An official of the National Council of Churches says the effects of the civil rights bill now pending on congress have been grossly misrepresented by some of its critics.

"The fact is," said James Moore, New York City, "that the bill seeks simply to protect the right of American citizens to be free from racial and religious discrimination and to guarantee to them the full enjoyment of the rights of citizenship."

Moore spoke in favor of the bill in a luncheon address Monday to about 25 church leaders of Idaho churches, including representatives of most major faiths.

Moore denied that the public accommodations section of the bill would infringe on rights of business owners to select their clientele.

"The bill does not require anyone to serve unkempt, drunk or disorderly persons, whatever their race or color," he said. "It does require that certain business establishments whose operations affect interstate commerce and which hold themselves out as serving the public, provide these services to all members of the public."

He said included are hotels and motels furnishing lodging to transients, restaurants and lunch rooms, motion pictures houses, theaters and gasoline stations.

"The bill would also prevent racial discrimination in establishments when such discrimination is supported by the state or by agents or agencies of the state," he said.

Moore said the equal employment opportunity commission to be established under the bill "would make every effort to settle charges of racial discrimination by conciliation and mediation."

"It would have no power to issue orders," he said, "only the federal courts could decide whether a particular activity was in violation of the law."

He said critics claim the bill would take away authority of the states to determine voting qualifications.

"It does not change qualifications at all," he said. "The bill does require that the same standards be used for both Negro and white applicants."

Moore said the bill applies only to federal and not to state elections.

## Drops Title

LONDON, March 18 (AP)—Lord Southampton last night announced he has given up his title to become Charles Fitzroy and "concentrate on wine, women and salmon fishing."

The 60-year-old descendant of King Charles I of England said he had not entered the house of lords since 1958—when he inherited the title from his father.

"I'm fed up with persons pointing on me because they think I have money," he said. "Please call me Mr. Fitzroy."

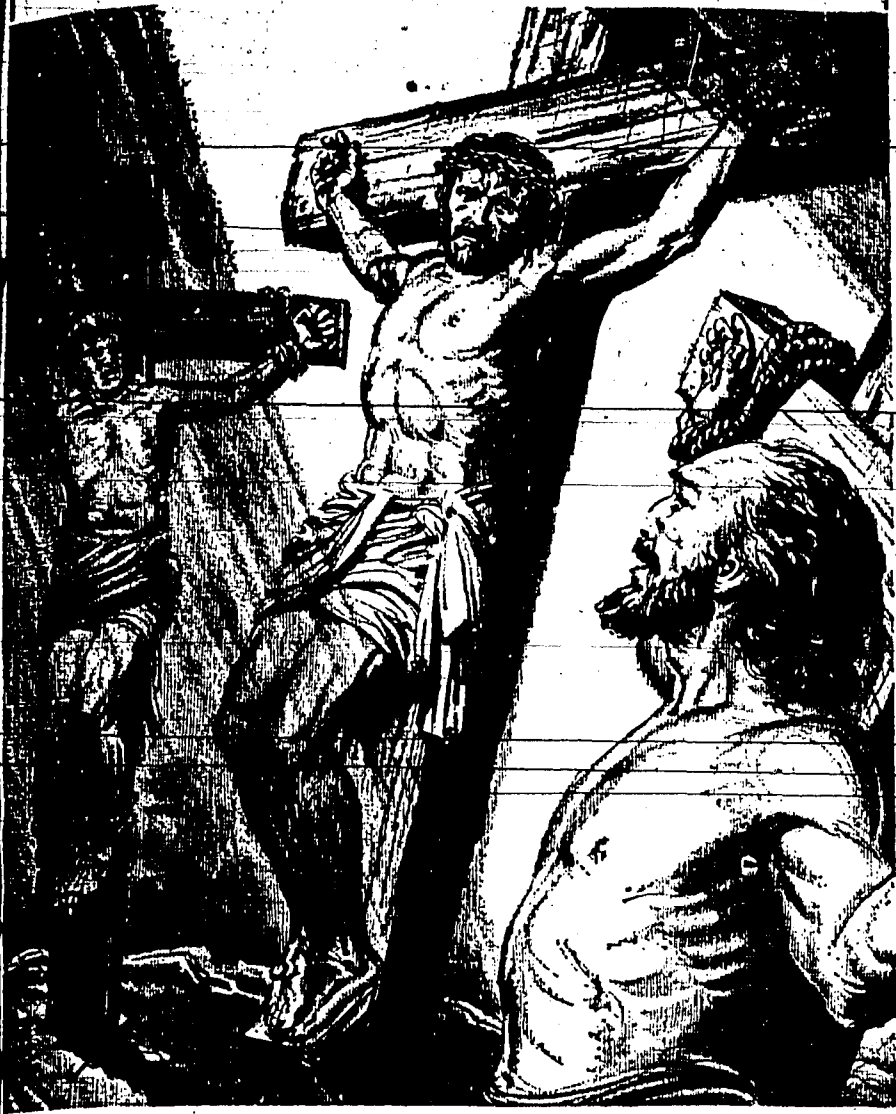

## ATTEND FUNERAL

HAGERMAN, March 18 — Phil Gossel was accompanied by his brother and sister-in-law, Mr. and Mrs. D. E. Gossel, Boise, to Challis Friday where they attended the funeral services of the men's grandmother, Mrs. Daisy Papworth.

## LORD, REMEMBER ME

They crucified Him between two thieves, one on the right and one on the left. One of the thieves began to abuse Him, saying: "If Thou be Christ, save Thyself and us."

But the other rebuked him, "Dost thou not fear God, seeing thou are under the same sentence? And we indeed justly, for we are receiving what our deeds deserved, but this man has done nothing wrong."

Turning to Jesus, he pleaded, "Lord, remember me when Thou comest into Thy kingdom."

And Jesus said unto Him, "Verily, I say unto thee today shalt thou be with Me in Paradise." (Luke XXIII:43)

The Good Thief, as he has been known since that day, did not abandon hope in his final hour and went to his reward with his new found Master. 3-18

## PTA Plans Dance to Pay For Gymnastic Equipment

"Music from the 1930s to the 1950s" is the theme for a dance which will be sponsored by the O'Leary Junior high school PTA for students' parents and friends to help defray cost of the junior high school's new gymnastic equipment.

The dance, which is this year's PTA fund raising project will be held from 9 p.m. until midnight Saturday in the O'Leary Junior high school gymnasium. Music for the dance will be provided by the Esquire combo, under the direction of Floyd White.

## Restrictions Reported for Area Roads

SHOSHONE, March 18 — Because of excessive moisture and weak roadbeds, traffic on state and U. S. highways in district two will be restricted, D. E. Sessions, district engineer, reports.

Effective at 12:01 a.m. Thursday, highway 23 between Carey and Bellevue will be restricted to 350 pounds per inch width of tire, with 14,000 pounds maximum on any one axle and allowable 10,000 pounds of the front axle if equipped with 10-inch tires or larger.

All highways in the district not posted will be limited to legal weight loads only until further notice, Sessions explained.

The red tab on regulatory signs denotes the restriction for trucks and buses to maximum speed of 30 miles per hour and yellow tabs indicate legal speeds may be resumed.

This action is being taken to protect the public investment in the state highway system and is necessary because of thawing weather conditions which have softened the subgrades and base shoulders. Sessions added.

Ken Reid, O'Leary PTA president, said the idea behind the dance, which has never been done by a PTA before, is to have a social event where the student's parents and friends can get better acquainted.

For further information about the dance call Mrs. Sherman Day, dance general chairman, at 733-4338.

At a meeting of the PTA Monday night Mrs. Day said new equipment has been purchased for O'Leary Junior high and a gymnastic program has been set up under the direction of Dale Williams, dean of boys.

This is a popular program with the students, she stated. Williams showed a movie illustrating students using the gymnastic equipment when it first was purchased. A live demonstration was given by the same students, and Williams pointed out how much they had improved their form and skill.

William Kooh, program chairman, introduced Michael Walker and David Pedersen two high school students, who sang three folk songs.

Mr. and Mrs. Ralph Olmstead, Mrs. Ben Katz and Mrs. Darrell Helder were named to the nominating committee to select a slate of officers for the 1964-65.

NEW GYMNASIUM EQUIPMENT is being shown to Ken Reid, right, O'Leary PTA president, by Dale Williams, O'Leary Junior high school principal. The O'Leary Junior high school PTA, for their annual fund raising project, will hold a dance for students' parents and friends to help defray cost of the junior high school's new gymnastic equipment. # Grit Grinders Can't Scratch Out Profit

ATLANTA, March 18 (AP)—The internal revenue service has been treating poultry grit the same as crushed stone and that sticks in the craw of the Stone Mountain Grit company.

# Outstanding

BUCKLEY, March 18 (AP)—John L. (Jack) Jones was named outstanding Burley Elk lodge member of 1963 at the March birthday dinner of lodge No. 1394.

# Thingamabob Seares U. S. Taxpayers

WASHINGTON, March 18 (AP)—The internal revenue service thinks its new electronic auditing equipment has scared at least 20 taxpayers—and likely many more—into paying what they owed Uncle Sam.

After the department's new master file of taxpayers was given wide publicity, Caplin said, district offices began reporting corrected and delinquent returns coming in in increasing numbers.

# Jews Relate Nazi Horrors During War

BRAUNSCHWEIG, Germany, March 18 (AP)—A small soft-spoken printer from Israel today told a West German war crimes court how he twice escaped execution by Gestapo firing squads, once by playing dead and again by bribing an SS officer.

Two Jewish women, who also gave testimony, broke down in tears. A third maintained her composure but showed her femininity in rigidly-clasped hands.

The trial here is one of three under way in West Germany involving Nazi war crimes. The others were in recess today—the trial of 21 ex-Nazi officials and a turncoat inmate on charges of taking part in the murder of up to four million persons at Auschwitz and the trial of ex-Nazi official Dr. Hans Hefelmann in the so-called "mercy killings" of 75,000 physically and mentally handicapped persons.

The middle-aged Dolinko told the court how he and thousands of other Jews made the "death march" from the Pinsk railroad station to execution grounds outside the city on Aug. 5, 1941.

"We were at the ditch they were shooting. I ran as fast as I could. Suddenly there was an SS horseman behind me. He fired. I was hit and fell," Dolinko wept.

"He must have thought I was dead. He rode away and left me lie there. I jumped up and ran."

Dolinko said the SS grabbed him again, this time with his wife, when they wiped out the Pinsk ghetto in October of 1942.

He said he and his wife hid in the Pripet marshes outside of Pinsk until the Russians arrived in 1944. Under questioning by one of the judges, he said he saw old men shot where they fell during the death march.

He estimated that at least 8,000 Jews were slain in the Nazi massacre.

Mrs. Tamar Kobryntzuk, 48, wept as she told how the Nazi SS killer squads first broke into her family's home in Pinsk in August of 1941.

"I knew they were coming. I bound my 5-year-old son's legs behind him so he'd look like a baby—they didn't herd babies out into the streets. They grabbed my uncle and my father. I never saw them again," she said.

The Nazis returned about a year later, she testified. "They killed my whole family—husband, parents, sister—now there is just me and my boy." She sobbed. The chief judge excused her from further testimony.

Mrs. Haja Scherman, 39, Tel Aviv, said the SS cavalrymen wiped out her family, too.

Before breaking down in tears, she said she saw the troopers "dragging 6-year-olds out into the square—they had to kneel—they were beaten—then they were taken away and we never saw them again."

Mrs. Malla Schenberg, 52, also Tel Aviv, said she saw the SS men shoot two Jewish men in the street. "One was 18 or so. The other was older," she said. "Later, I had to help bury them."

She said the troopers seized her husband, father and brother and never saw them again. The SS returned two days later for the male children, she said.

"My little daughter wore pants. An SS man grabbed her. I cried—I had to take off her clothes to prove she was a girl," she said, gripping her hands so tightly they appeared bloodless.

Her daughter sat with downcast eyes among the spectators.

# De Gaulle Told to Keep His Nose Out of Our Business

DUCK KEY, Fla., March 18 (UPI)—Former President Harry Truman warned French President Charles de Gaulle Tuesday to "keep his nose out of our affairs."

"He's trying to undercut the United States in Latin America," the 79-year-old Truman said during his usual 30-minute walk around the grounds of his vacation hotel here.

"But he better keep his nose out of U. S. affairs or he'll get it cut off," he added. Truman appeared rested and healthy and spent most of the brisk walk pointing out natural beauties to newsmen who accompanied him.

There were rumors that Truman might be asked to go to Cyprus to help bring about a settlement of the tense situation there, but Truman said there was nothing to them.

"I have heard the rumor but there's nothing to it. No one has contacted me officially about it," he said.

Truman, approaching his 80th birthday, took a similar walk yesterday morning and set such a brisk pace that many of the newsmen chatting with him lagged.

"We practically had to run to keep up with him," one said.

During that walk, Truman called former Vice President Richard Nixon, vacationing in Miami 95 miles north of this secluded key. "A funny guy,"

"I seldom agree with anything he says," Truman said.

## Legion Has Special Fete At Hagerman

HAGERMAN, March 18—Annual anniversary celebration of the American Legion and auxiliary was held Friday in observance of the 45th year of the legion.

Mar Hanson, department commander, and Mrs. Hanson were special guests and speaker for the evening. He stated that when a great man reaches 45 years, he is considered on the downhill side of life, but when an organization reaches 45 years of activity, it is just in its prime.

Hanson complimented the Legion post 31 here for being the first unit in the state to show the "Respect the flag etiquette" to the "Respect the flag" motto.

Commander Hanson stated that instead of pointing out the faults of our country, we should stress what is right. His theme was patriotism.

Joe Dorsey was master of ceremonies for the potluck supper and program.

Dorsey introduced Mr. and Mrs. Emerson Pugmire, who showed the centennial parade film, taken in Hagerman on July 24, and other scenic pictures of Hagerman valley.

Mrs. Wesley Whorton baked the birthday cake for the anniversary. Others on the committee for the supper were Mr. and Mrs. Ray Clawson, Mrs. McConkey, Mrs. Joseph Zaconne and Mr. and Mrs. Dorsey.

## Tick, Tick

HOLLYWOOD, Fla., March 18—Two passenger trains were delayed for two hours Monday by a toy train in a suitcase.

A porter heard ticking in luggage aboard a Seaboard Air-Line railroad train bound for Miami. Police and firemen were afraid to let a northbound train pass for fear vibration would set off a supposed bomb.

Lieut. Clarence T. Smith, a naval ordnance man, was called in from nearby Fort Lauderdale. The ticking suitcase was placed in a gully and covered with a tarpaulin.

Smith gingerly cut open the side of the valve belonging to Alice Goodman, Knoxville, Tenn., which had been checked through to Miami. He found the toy ticking away.

Railroad officials said Mrs. Goodman would be reimbursed.

## Davis Scored For Comments By Africans

LONDON, March 18 (UPI)—West African students in Britain have criticized entertainer Sammy Davis, Jr.'s jokes about Africans during his television show on the British Broadcasting corporation (BBC) Sunday night.

"During his performance, Davis remarked, 'If you argue with a man in Africa he will say to somebody, 'eat him.'"

"Discussing the Black Muslims' campaign in the United States to keep up the heritage of African and bring about segregation of all white and colored persons, Davis commented, 'I don't want to go back to Africa. I've got a lovely home in Beverly Hills.'"

Guy Ikokuwa, president of the West African Students in Britain, described Davis' quips as "insulting."

"It is disgusting that a man who owes his success to his African blood should publicly deride his forebears and hold his African ancestry as a curse," Ikokuwa said yesterday.

Ikokuwa sent a protest to the BBC signed by 17 African students in Britain. The BBC said it had received no other protests.

Davis, who is performing in Paris now, said last night: "The students' attitude is ridiculous. I didn't insult anyone. Only in the last few years have we been able to joke about our color. My weapon in the fight for civil rights is humor."

Mrs. Ida Pate

## Honored at Rites

RICHFIELD, March 18—Mrs. Ida Pate was paid final tribute in services conducted Saturday afternoon at the American Legion hall by the Rev. Woodrow D. Harris, Richfield Methodist minister.

Musical numbers were sung by Mr. and Mrs. Albert Pelley and Mr. and Mrs. Odell Chaffield, members of the Methodist choir.

Mrs. C. M. Pridmore was accompanist and played the piano prelude and postlude.

Palbearers were James Pate, Roy Pate, both Shoshone; Ronald Peak, Mountain Home; John Root, Rupert; Russell Pate, Johnfield, and C. F. Chaffield, Richfield.

Last rites were held in the Shoshone cemetery under the direction of Bergin Funeral Chapel, Shoshone.

## Malcolm X Drives too Fast

NEW YORK, March 18 (UPI)—Malcolm X, the militant black nationalist leader, is scheduled to go on trial here May 19 on a speeding charge in traffic court.

In an affidavit, he listed his name as Malcolm X Little and his address as Flatbush, Queens.

Malcolm X was given a ticket March 6 for allegedly driving 35 miles per hour—15 miles per hour above the lawful speed—on the Triborough bridge.

## Harpist to Present Concert At Burley Friday Evening

BURLEY, March 18—The third Mini-Cassia Community concert for the 1963-64 season will be presented at 8:15 Friday in the Burley high school auditorium, featuring Mildred Dilling, harpist.

Mildred Dilling has accomplished her musical goal, to prove the harp is as exciting a solo concert instrument as the piano or violin. Her heavily booked annual recital tours of the United States, Canada and Europe, her solo appearances with leading symphony orchestras, her world tours have proved her to be the "first lady of the harp."

Miss Dilling is reputed to have the world's finest private collection of harps (85 of them) and of what The New Yorker referred to, in a profile article on her as "objets d'harpe." She is author of two best-selling volumes for harpists, *Old Tunes for New Harpists* and *Thirty Little Classics*. She has given seven invitation concerts in the White House and is the teacher of a well-known movie harpist, Harpo Marx.

The artistry of Mildred Dilling has been heard in every state of the Union. She has been featured on national radio and television programs and starred in the motion picture, "Adventures in Music."

In 1948 Miss Dilling presented one of the first concerts for the Mini-Cassia Community concert, and many residents in Magic Valley remember the program.

Admission to the concert is by membership card only, from any Community Concert association.

## Small Fry Give Tips on Children

TOLEDO, O., March 18 (AP)—An the field of instructing parents on how to bring up children, there is advice from experts in the field—children themselves.

Being compiled here is a "Code of Behavior" for parents. The code grows out of suggestions from four sixth-grade classes—two each from Beverly and Marshall schools here.

The 11- and 12-year-old experts were asked to draw up some guide lines for parents to follow in handling their offspring.

The group produced hundreds of suggestions but many had underlying common grounds. Subjects most often mentioned were bedtime, methods of punishment, fair treatment of all children in a family, and, of course, the modern child's favorite toy—television.

Among the don'ts for parents were:

- Don't pay attention to only one child.
- Don't baby them.
- Don't let them tell you what to do.
- Don't let the child feel lonely.
- Don't spoil them.
- Don't blame everything on the older children.
- Don't always make them take a younger brother or sister along everywhere they go.
- Don't punish all the children for something only one has done.
- Don't make one child clean up after another.
- On the positive side, the children suggested:
- Spank them when needed.
- Try to understand them.
- Help them with their homework but don't do it for them.
- Teach children to treat other children with respect.
- Listen to the children's side of things.
- Be more fair about letting them watch television.
- Treat children in the family according to age and send them to bed according to age.
- Find out what happened before blaming a child.
- Let the children earn an allowance.
- Practice what you preach.
- Some of the children voiced specific complaints about parents. And one child put his suggested rule for parental behavior simply and clearly:
- "Don't be such a grouch."

## Jew Leader Will Visit Johnson

WASHINGTON, March 18 (AP)—The White House announced today that Prime Minister Levi Eshkol of Israel would come to Washington in June to confer with President Johnson.

The 68-year-old Israeli leader, according to the White House announcement, accepted Johnson's invitation to meet here informally June 1-2.

It was said to be the first time that an Israeli prime minister had accepted a White House invitation to the United States.

# Goldwater-for-President Headquarters Needs Money

WASHINGTON, March 18 (AP)—The Goldwater-for-president headquarters called for help from small contributors Tuesday to raise some of its "fair weather" friends have kept their checkbooks buttoned.

Denison Kitchel, director of heavyweights boxing champion Sen. Barry Goldwater's campaign for the Republican presidential nomination, announced a new fund raising drive aimed at having no driver's license and everyone who shares the principles and beliefs of the Arizona senator.

He told a news conference that the campaign organization would solicit contributions of \$1 or more in a separate drive from the LISTON TRIAL SET.

DENVER, March 18 (AP)—Ex-Sen. Barry Goldwater's campaign for the Republican presidential nomination, announced a new fund raising drive aimed at having no driver's license and everyone who shares the principles and beliefs of the Arizona senator.

The trial date was set Monday. Liston is free on \$300 bond.

work of its campaign committee. "We believe there are too many citizens who have no way of expressing their political preference," he said. "Here is a way for the non-pressure groups, for the individual, to influence political decisions."

Kitchel denied that there had been any drop-off in contributions since Goldwater ran second to a write-in vote for Ambassador Henry Cabot Lodge in the New Hampshire GOP presidential primary a week ago.

But he did say that fund raising would be "a lot easier if we had won an outstanding victory in New Hampshire."

Since Goldwater formally announced his candidacy Jan. 3, Kitchel said, money has not been received "at the rate we hoped it would."

"Some of our fair weather friends weren't there after the announcement," he said.

**BIRTH NOTED**
